(Case No. 36 of 1952 under section 33A of the Industrial Disputes Act, 1947.)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL.

PRESENT:

SHRI S. K. NIYOGI, *District Judge,*
Industrial Tribunal.

For the employers: Shri Subrata Roy Choudhury, Bar-at-Law, instructed by Shri D. Basu Thakur, Solicitor of Messrs. Orr Dignam & Co., Solicitors.

For the workmen: Shri Jiten Banerjee, Joint Secretary, Association of Employees' Union.

AWARD.

The original reference in connection with which the present proceeding has arisen was made under Government of West Bengal, Labour Department order No. 58Dis./11L-74/52, dated the 14th September 1951

The Mercantile Tribunal set up by the Government of West Bengal order No. 135Lab., dated the 17th January 1948, settled the grades and scales of pay for the employees of Messrs. B. N. Elias & Co., Ltd., and its Associated Concerns, by an award which was published in the *Calcutta Gazette*, dated the 12th May 1949, and which became operative with effect from 17th February 1949. The Companies gave effect to that award after it became operative. The case of the complainants is that the grades and scales laid down by the Mercantile Tribunal have become the terms and conditions of their service since 17th February 1949. But, it is alleged, the Companies have altered the conditions of service to the prejudice of the workmen by withholding annual increment of twelve employees of Messrs. National Tobacco Co. of India, Ltd., headed by Shri Subal Krishna Ghosh, and also by staggering Shri Sailendra Nath Dutta and four other employees of Messrs. B. N. Elias & Co., Ltd., in their respective grades at the maximum points, during the pendency of adjudication proceedings in the main case without the express permission of the Tribunal, and that the Companies have thereby contravened section 33 of the Industrial Disputes Act, 1947, as amended in 1950. This action of the Companies has been called in question as unjustified, unfair and improper.

In their written statement in reply the Companies contend that Messrs. National Tobacco Co. of India, Ltd., was not a party to the Mercantile Tribunal award and that the grant of increments to its employees and rates for the same are absolutely at the discretion of the management. Regarding the alleged staggering of the employees at the maximum points of their respective grades, the Companies' contention is that the same is not a contravention of section 33 of the Industrial Disputes Act, as it is totally a matter of the employer's discretion whether an employee will be upgraded or not, and not a condition of service. They also oppose the application on legal grounds, such as that the application is not maintainable because it is not signed by the employees, and secondly, that the whole question as to the increment is *sub judice* as the same is pending before the Tribunal and cannot be raised by an application under section 33A of the Act.

The first legal objection does not in my opinion stand. The application purports to have been filed by the employees. It also bears the signature of the complainants Subal Krishna Ghosh and seven others in one group and H. Banerjee and three others in the second group, as representing themselves and the other employees named in Annexures "A" and "B". There remains therefore very little to doubt that the complaint in writing was made by the aggrieved employees and not by the Union as contended on behalf of Company. I find that the application is maintainable as having been made by the aggrieved employees.

The second legal ground taken by the Companies ought, however, to prevail. The industrial dispute under reference by Government order No. 58Dis., dated the 14th September 1951, relates to increment of 1948-49 and increment for the employees of National Tobacco Co. of India, Ltd., for the year 1951. The Union claimed increment for 1948-51 and also asked for fitting in the workmen in the grades in the line of previous Mercantile award. The present complaint, as it appears from the application, relates to stoppage of annual increment and staggering of employees in their respective grades since 1950, as from that time the Companies are alleged to have taken measures to weaken the united stand of the employees through their Union. It follows therefore that if there has been any alteration of conditions of service applicable to the workmen,

t took place before the date of reference and not during the pendency of he adjudication proceedings. There was thus no contravention of the rovisions of section 33 of the Industrial Disputes Act. The learned Union epresentative appearing for the employees concerned appreciated the lifficulty and submitted that the complaint was with regard to increment, te., for the year 1952. There is, however, nothing to indicate that in the pplication itself. Ultimately, he conceded that the application as it is ramed, could not stand as it does not show that there has been any lteration of conditions of service applicable to the workmen during the endency of the adjudication proceedings. So, the application does not ie. It must be rejected. This is my award.

ORDER.

No. 3982Dis./D/10L-71/52.—18th December 1952.—Whereas under the overnment of West Bengal, Labour Department order No. 1817Dis./D/-0L-71/52, dated the 5th July 1952, the industrial dispute between Messrs. Asbestos Cement, Ltd., Everest House, Garden Reach, Calcutta-24, nd their workmen represented by Engineering Mazdoor Sabha, 4, Nityadhan Mukherjee Road, Howrah, regarding the matters specified in the schedule hereto was referred for adjudication to the Fifth Industrial Tribunal;

And whereas the said Fifth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. Asbestos Cement, Ltd., Everest House, Garden Reach, Calcutta-24, and their workmen represented by Engineering Mazdoor Sabha, 4, Nityadhan Mukherjee Road, Howrah.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

Present for the Union: Shri Narayan Das Gupta, Vice-President of the Union assisted by Shri D. Ramaswami, Secretary of the Union.

Present for the Company: Dr. J. K. Bose, Labour Adviser of the Indian Engineering Association.

1. By Government order No. 268Dis./D/11L-261/51, dated the 21st November 1951, the aforesaid dispute was referred to the Fourth Industrial Tribunal constituted under notification No. 3581Lab., dated the 9th June 1951, for adjudication under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947). But after a time the services of Shri M. C. Banerjee, who presided over that Tribunal, ceased to be available because of his taking leave preparatory to retirement. The aforesaid dispute under section 10 read with section 21 of the General Clauses Act, 1897, was referred to the Fifth Industrial Tribunal constituted under the aforesaid notification and presided over by me by an order No. 1817Dis./D/10L-71/52, dated the 5th July 1952.

2. The reference was received by me on 18th July 1952. The written statements were already filed. The case was taken up for hearing on 30th August 1952 and continued on 2nd September 1952 to 6th September 1952 when the evidence was closed. The argument was heard on 22nd September 1952 and 7th October 1952 and continued till 9th October 1952 when it was concluded. The award was reserved.

3. The issues contained in the schedule to the Order of Reference stand as follows:—

(1) Revision of basic wages—scale of pay.

(2) Night shift allowance.

(3) Whether balanced diet should be supplied from the canteen. If so, conditions thereof.

(4) Medical facilities.

(5) Protective clothings and uniforms.

(6) Revision of production bonus scheme.

(7) Abolition of contract labour system.

(8) Whether the dismissal of the following employees are justified:—

(*a*) Surajballi, (*b*) D. Ramaswami, (*c*) Durgaya, (*d*) Kalia, (*e*) Rabidas and (*f*) Nathuni.

What redress should they be entitled to.

AWARD.

4. Before I actually discuss the issues referred to above I shall briefly refer to some facts which have led up to the present dispute.

It is the contention of the Union that the workers of the above concern organised themselves under the Engineering Mazdoor Sabha in February 1951. The said Sabha addressed the Company on 7th March 1951 for recognising it and to settle the grievances amicably. The Company did not care to reply to this letter as well as to other letters which followed. The Company on the top of that violated the provision of section 22 of the Industrial Disputes (Appellate Tribunal) Act, 1950, by discharging the workers during the pendency of an appeal before the Hon'ble Labour Appellate Tribunal of India. The Sabha did not enter into any quarrel with the Company over this. All approaches made by Shri Narayan Das Gupta, Vice-President of the Engineering Mazdoor Sabha, evoked no response from the Company. The Sabha accordingly approached the Hon'ble Labour Appellate Tribunal of India for justice regarding some of

the dismissals and suspensions. The Sabha also approached the Labour Commissioner regarding the dismissal order on Shri D. Ramaswami, Secretary of the Branch Committee, under the Sabha. Then the Sabha decided on launching a strike on 1st July 1952 after having submitted a charter of demands. The matter was taken up for conciliation, but as nothing came out of the conciliation proceedings the dispute has ultimately been referred to this Tribunal for adjudication.

The Company denies all these allegations. It has taken a legal objection that this Sabha is not competent to represent the workmen of this concern under section 36(*1*) of the Industrial Disputes Act, 1947, as amended in 1950. It contends that there is another registered Union styled Asbestos Sramik Congress. The Company has resisted all the demands of the workers. This will be referred to in course of the discussion of the issues.

Issue No. 1.

The written statement of the Union has stressed how this Company differs from other engineering companies in its nature and working, and why the award of the Major Engineering Tribunal should not bind it down. In support of the contention why the basic wages of the employees of this concern should be raised it has relied on the sound financial position of the Company and its monopolistic production. It has also pointed out that this Company has another unit in Bombay where the basic wages as well as the annual increment are higher than what obtain in this concern. The Company, on the other hand, has resisted those claims stressing the fact that the award of the Major Engineering Tribunal still bind this concern as the award has not been terminated by notice. The special pleading set up by the Union has also been negatived by specific replies.

I have considered the points raised by the Union in its written statement just to avoid the operation of the Major Engineering Tribunal award so far as it is applicable to it. I have considered also the arguments advanced why even if the said award is binding it should be departed from in the present case. I must say that I am not impressed by the arguments advanced by the Union. If we scan the arguments it resolves under the following heads: (a) This concern differs from an engineering concern, firstly because, it does not produce materials according to order like an eigineering unit and, secondly, the work is much more hazardous here than in an engineering concern. The Company pointed out, and I think rightly, that light engineering concerns do have mass production and do not have their production limited to orders. If there is any hazard involved here that hazard also attends the engineering concerns though it may be in a different manner. Sri Narayan Das Gupta on behalf of the Union has stressed that the employees in this concern are liable to contract not only obstinate dermatitis but also the serious disease of asbestosis. But the evidence, he has produced, has failed to substantiate this contention about attending hazards. P.W. 3, Dr. U. K. Sen Gupta of the Company was cited a witness by the Union. He says "I have not suspected any case of asbestosis during the tenure of my office in this concern. So far as I see one or two people in a month have complained of pain in the chest or lungs to me." He further says in cross-examination "some people suffer from dermatitis in our factory but they never take our treatment." Then says "they take treatment at our hands but they do not persist in the treatment. The asbestos fibre can be removed as easily as any other dirt from the eye. There are 3 or 4 cases of trauchoma in our factory. It is called granular conjunctivitis." He opines that the workers are liable to contract asbestosis if they are exposed to concentration of asbestos dust beyond permissible

limits and remain exposed to such dust for a long time. Five years' exposure is generally the shortest period for contracting asbestosis. He has been in service of this concern since July 1946. P.W. 4, Dr. A. K. Banerjee, was also examined by the Union. He was investigating into the cases of alleged asbestosis but from his evidence we do not get any definite diagnosis. So the hazard on which Sri Narayan Das Gupta waxed eloquent does not appear in fact to be such as can be called an occupational disease in this concern. So I do not accept the contention that the present concern does differ materially from an engineering concern with which it was grouped in the Major Engineering Tribunal. That being the position there is no escape from the fact that the award of the Major Engineering Tribunal will govern this concern much in the same way as it does other engineering concerns. That award is still pending and operating. So this concern cannot avoid the operation of the said award.

Sri Narayan Das Gupta further argued and contended that the factors on which the award of the Major Engineering Tribunal was based have not much application to the present concern. The award of the Major Engineering Tribunal fixed the wages on a certain scale because there was a limited supply of raw materials and also because the Companies before the Tribunal had limited financial capacities. In the present case, the Union urges, the financial capacity is almost unlimited and the supply of raw materials is abundant. The Company has contended that cement is a controlled commodity and that there is acute shortage of asbestos fibre all the world over. The present Company, of course, secures cement because it produces building materials which the country stands in urgent need of. The Union has not been able to refute this contention of the Company effectively. Next the Union contends that the award of the Engineering Tribunal was influenced by the fact of ruling rates of wages in the industry-*cum*-regional basis. But in the present case this Company has monopoly in the State and there is no ruling rate in other units. Regarding the other prevailing rates, the Union questions the award regarding the cotton and jute industry so far as the basic wage is concerned. It also contends that the Central Pay Commission though granted low basic wage granted house allowance and compensatory allowances. I have considered those points carefully but I am not convinced. The conditions which go into the question of fixation of wages are more or less local or regional. So the contention about the wages in Bombay does not hold good regarding the wages of this concern in West Bengal. The basic wages in the cotton and jute industry have been accepted not only by the Government but by the employees concerned. The employees in both these industries are innumerable. So to dispute the said basic wage in a light hearted way as the Union has done is not acceptable to me. The basic wage in jute and cotton industry is less than what is given in this concern. The Central Pay Commission grants Rs. 30 per month as basic wage. About house allowance and compensatory allowance I must point out that the house rent has been taken into the reckoning of the wages in the award of the Engineering Tribunal. The compensatory allowance was given by the Central Pay Commission to remove the disparity which would otherwise result and cause grievance among the employees who drew same salaries. But one was employed in Calcutta or Bombay with consequent high living cost while the other would leave in comparatively small town with much less living cost. That is not the case regarding this concern. So that contention is also hollow.

The Union has further contended that the increment given by this concern should vary in case of unskilled and semi-skilled and skilled workers. As it would be noticed the award of the Major Engineering Tribunal has not fixed the minimum wages of skilled workmen for good reasons. Between the unskilled and the semi-skilled workmen there is not

much distinction which ought to create a difference in the matter of increment. The unskilled workmen with a little experience become semi-skilled. So it is just a matter of time. That ought not to create any disparity in the matter of increment. So I turn down the contention of the Union regarding increment differential.

Besides I find that in the present concern there is much room for having extra income in the shape of production bonus, etc. So I do not find any necessity for increasing the basic wages in the present case. Besides one should not disturb the award of the Major Engineering Tribunal which had before it a large number of concerns of the same kind and which tried to fix the highest measure of uniformity among these concerns. If the award of a particular unit of such an industry is varied, that would upset the whole structure and create chaos. That will not produce industrial peace. It will produce the reverse of it. Having regard to all these facts and circumstances I turn down the contention of the employees regarding their claim in respect of basic wage.

Issue No. 2.

This relates to the claim for night shift allowance. This is almost a vexed problem which comes before the Tribunal. The Tribunal has systematically turned down such claims. The Bombay Textile Labour Enquiry Committee observed: "The only two exceptions we have been able to find are South Africa and Australia wherein wage awards applying to the textile industry, an extra allowance is paid for night work." In South Africa the law provided for 10 per cent. extra allowance for the textile worker if he is employed in night shift for more than 3 days in a week in two or more consecutive weeks. Under the award of the Commonwealth Court of Conciliation and Arbitration of Australia for the textile industry payment has to be made for night shift work. Opinions of Adjudicators and Industrial Tribunals have, however, differed widely. None of the West Bengal Tribunals, so far as I am aware, have entertained his claim. They are satisfied with a change over of shifts and take it more or less as a service condition. But the recent awards in Bombay and he Madras States have marked a departure. The Madras Tribunal has observed: "Night shift workers should be paid 1¼ of the wages paid to day workers." The Bombay Industrial Court in its award relating to the Tata Oil Company awarded payment of extra allowance for night shift work and has stressed that night shift workers deny themselves the ordinary comforts of family life and other social amenities. So they must in fairness be compensated.

Now let me scrutinise the position. Of course, in some factory, workers must have known before they joined that they would have to work in night shifts by rotation. That may be an express agreement between the employer and the employees. But if the express agreement is the last word in the matter then the Tribunal would be divesting itself of its main function. Its pre-eminent work is to scrutinise each contract of service and see how far it is reasonable and how far it benefits the parties and to what degree. It seeks to neutralise to the minimum the handicaps which one party is subjected to because of the contract. It tries to rob the other party of the advantages which it has gained because of such one-sided contract. The Labour Investigation Committee with reference to night shift work in its main report at page 156 has observed: "It results in a reduction of overhead charges, speedy utilisation of raw materials and decrease of cost, etc.," So it is clear that advantages which appeared

from night shift work in a continuous process all conduce to the benefit o the employer. What does the worker get in lieu of this? Their health i impaired, their family and social life is upset, they are put to extra cost for having meals at night in the factory. In Dr. Fedrick S. Lee's book "The Human Machine and Industrial Efficiency," the author write "There is a general consensus of opinion that night work is more deleteriou to health than is day work and this opinion is supported by incontestabl evidence." The Textile Labour Enquiry Committee, Bombay, i chapter 7, Volume 2, of its report at page 160 and 169, observed: "There i little doubt that the living conditions of the workers contribute to makin night work more onerous than day work. Living as the workers do, wit very few exception, in one room tenements, they are not able to have soun continuous and refreshing sleep during the day as easily as at night owin to the street noises and the sounds inseparable from the carrying on o household routine." It is in view of this possibly the Hon'ble Labou Appellate Tribunal of India in appeal No. 153 of 1950 (the management of Trichinopolly Mills, Ltd., *versus* National Cotton Mills Workers' Union Ramjinagar) held that basic wages of night shift workers must necessarily be more than those working during day time. The learned Tribunal remarked that the night allowance was, in fact, not an allowance but only enhanced wages. Besides it minimises the scope of work and ultimately leads to unemployment. In such circumstances can the worker be supposed to have any enthusiasm and energy for work in such conditions? The answer must be in the negative. To force them to work under such trying condition only on the plea that there is express or implied contract of service would be to perpetuate an injustice. The Company has argued that the output at night is less than the output at day and also the work in night is inferior in quality to that during the day. But it has not been proved to my satisfaction. So if the Tribunal in the past has resisted such claim, the time certainly has come to think about its revision. I have inspected the factory and found that the worker in this factory is not less trying than in other concerns. One has got to be alert at all times or the work is spoiled. Even Homer is said to have nodded at times, but these people cannot nod or be restless without the risk of spoiling their work that will react on their shoulders. To keep vigilant for such length of time at night must normally react on their nerves. Everybody knows that vigil for 12 hours at night is never compensated by sound sleep for 12 hours in the day. So in the circumstances I award that the employees who will be employed in the night shift will get 1¼ times of the wages paid to day workers. This I hope will mitigate the rigour attending on night shift and create enthusiasm among the workmen for such work. It would prevent absenteeism. The Company will stand to gain in the long run while the workmen will be more contented. This should be introduced within one month of the award coming into operation.

Issue No. 3.

This relates to balanced diet to be supplied from the canteen. Th Union claims to have a full meal dish supplied at as. 3 per dish. It contention is that the workmen cannot afford to have a diet which will kee them well nourished and efficient. In the appendix 8 of the Company's written statement I get that the Company suffered losses to the tun of Rs. 5,549-7 during the year from January to December 1951 on accoun of the canteen and Rs. 9,166-5-6 during the same period on account of the grainshop maintained by the Company. Thus the average loss per month on the score of canteen comes up to Rs. 462 and odd. Can the Company be asked to incur more loss on this head by supplying cheap dish as claimed by the Union? The award of the Engineering Tribunal

provided for cost price canteen. The cost of running the canteen was also included therein. So the Company in the present case must be said to be fairly generous so far as the canteen is concerned. In the appendix 9 to their written statement we get a chart of the prices of the items of food supplied by the canteen. The price seems to be reasonably fair. To put pressure on the Company to reduce the prices still less would be unfair to the Company. So I reject the prayer of the Union on this head.

Issue No. 4.

I have got from the medical officer of the Company who was examined by the Union that the Company supplies ordinary mixtures, sulpha drugs, penicilin in special cases and injection for dysentery. It also keeps anti-tetanus serum. Complicated cases are sent to the hospital. This ought to satisfy for a Company of this kind.

The contention of the Union against the present medical officer was that he had too many pre-occupations to look after the treatment of the workmen and that he was not properly qualified in industrial hygiene. P. W. 3, Dr. U. K. Sen Gupta, the said medical officer, has deposed that he holds a diploma in the Industrial Hygiene. He holds the medical degree of L.M.F. But during the trial the Union concedes that the said Medical Officer has now been divested of his other functions. So there is no more force in this contention. The Union claims that the medical officer should treat the family members of the workmen at their home. The said medical officer used to do this before, but he was once assaulted while treating the wife of a particular workman. Since then the Company has stopped this practice. This is as it should be. In the circumstances I cannot direct the Company to send this medical officer to treat family members of the workmen at their home only to be insulted in this manner. The workmen should know that this is only an indulgence and not a privilege which can be claimed as of right. So I consider that the present medical facilities obtaining in this concern do not call for any interference from this Tribunal.

Issue No. 5.

This relates to protective clothings and uniforms. The Company contends that it gives to the workmen protective masks which are necessary in conformity with the requirement of the Factories Act, and in compliance with the direction of the Factory Inspector. It is not prepared to grant any other uniform. The Company urges that the workmen working in the factory are not any more dirty for the said work. I cannot accept this contention of the Company. When I visited the factory I found a veritable cloud of cement dust near the elevator. Of course, I saw people working there using masks but I was told that they dislike using the same. The Company absolves itself from responsibility in the matter in the case of any such refusal. If the Company is really sincere, it can very well insist on the use of masks without which workmen will not be permitted to work in this section. These workmen are more or less illiterate. They do not know their own welfare. So some sort of duty or obligation is cast on the Company just to protect the health of the workmen while employed in this section. I have also noticed that the clothings of these workmen employed near the elevator were all soiled with cement dust or asbestos fibre. If they carry these things home, they certainly injure the health of other inmates occupying the same room with them. Constant use of such soiled clothes is bound to impair their health. So I give a direction on the Company that not only the Company should provide masks for the workmen who are employed in carrying cement bags to the elevator and

putting the same into the machine but the men who are employed in this section must also be provided with protective uniform which they will leave in the factory when leaving. They will arrange to change their clothes when entering this section of the factory. I do not think that protective clothing is necessary for workmen who are employed in other sections of the factory where there is no such cloud of cement dust or of asbestos fibre. No uniform is also necessary for them. The protective uniform that will be supplied by the Company will be regularly washed at the Company's cost or by the Company. They will be replaced when worn out. The issue is accordingly disposed of.

Issue No. 6.

This relates to the revision of production bonus scheme. The Company contends that production bonus scheme was introduced by the Company on its own initiative. It is not prepared to revise it or to extend it to the Moulding Section as claimed by the Union. The Company claims to withdraw this scheme at pleasure. Whether the Company is entitled to withdraw the scheme is a matter which does not call for decision in the present case. If it has become a privilege that is enjoyed by the employees for certain length of time it is doubtful whether the Company can at all withdraw it. I also do not understand the psychology of the Company in granting production bonus to one section and refusing the same to the other section. I can understand why production bonus is limited only when there is efficiency on the part of the workmen and only when there is adequate production up to the limit fixed by the Company. In judging the recipients the Company can look to the output or the contributions of the particular person or his length of service. But there is no reason why one section should be totally deprived of the benefit of such scheme. Production is never the resultant of any individual effort or enterprise. It is the result of combined effort and the contribution of one section is very difficult to discriminate from that by the other section. So I direct the Company to extend this production bonus scheme to all the sections in the factory where production takes place. Regarding the efficiency or eligibility of any particular man to earn production bonus the matter will be left to the Company itself. With this direction I dispose of the above issue. The amount of production bonus is fairly handsome in this Company being 4 months of the basic earnings in the financial year 1950-51. This has a bearing on the basic wages as already noticed.

Issue No. 7.

The Union demands total abolition of the contract labour system. Up to 1952, I got in the Company's written statement, the contract work did comprise of (*a*) loading and unloading of incoming and outgoing material, (*b*) stripping and stacking of sheets, (*c*) re-stacking of materials. In 1942 the item (*b*) was abolished. Contractor's men were taken over by the Company. In 1948 item (*c*) was abolished and the contractor's men were taken into service similarly by the Company. The incoming and outgoing traffic is extremely intermittent. So the Company refused to abolish contract labour in respect of this. It is clear from the above that the Company is in a mood to abolish the contract labour system as far as possible. Practically speaking the loading and unloading work is more or less irregular due to uncertainty of railway wagons and their period of detention. Extra detention will entail payment of demurrage. So I cannot accept the immediate abolition of the contract labour system in respect of loading and unloading as claimed by the Union. The prayer stands rejected.

Issue No. 8.

Regarding Surajballi's dismissal I find from the evidence that he was asked by the Sanitary Inspector, O.P.W.1, at 8 or 8-30 a.m. to work in the latrine as the existing incumbent was absent. He refused to do it. He was taken to the medical officer. The medical officer tried to persuade him but to no effect. O.P.W.1 says that Surajballi never said that he would do the work later on. At that time he was working in the factory where he did not do any latrine work. As he was a whole-time sweeper and as the sweeper does both the latrine work and the sweeping work I find no justification for Surajballi refusing to do the latrine work in the case of an emergency. He should not have persisted in his refusal when the doctor asked him to do it. That shows his obstinacy. In the evening when he was offered the charge-sheet he refuse to accept it. O.P.W. 2 is an witness of his refusal, as per Ext. F. The Works Manager also was there when Surajballi did so refuse to accept the charge-sheet. In the circumstances if Surajballi is discharged, can he be saved simply because he was a Union worker? Connection with the Union does not necessarily give any immunity from punishment or any extra privilege. So I find that the order of dismissal on Surajballi was justified. I decline to interfere.

Next comes the case of D. Ramaswami. He was the Secretary of the Union. The history sheet, Ext. D, shows that Ramswami made a written declaration that he read up to the Intermediate. So he was given a clerk's job. He was found inefficient there as the Felt Register, Ext. D2, shows. He was replaced by a Matriculate clerk. It was found that he read up to the Matric Standard in the Andhra University. So Ramaswami started his career with a lie. He was tried for some time as a stand-by-spare and then he was given a job with a little better emolument in the mill section. On the day in question he was asked by the Grinding Supervisor not to carry more than 16 bags of cement at a time as the trolley had a pneumatic tyre which might burst. There was written restriction regarding the quantity of bags to be borne by the trolley. The shift boss, Md Basir, has been examined in this connection. On the 19th June 1951 at about 8 a.m. he was informed that Ramaswami was not heeding the direction of the Grinding Supervisor regarding this limitation of carrying 16 bags. On reaching the place he found that the Supervisor and Ramaswami were quarreling. He made up the quarrel and asked Ramaswami and his co-worker Ramdas not to carry more than 16 bags as directed. At 11 a.m. Ramaswami came and complained to O.P.W. 3, Md Basir, that the Grinding Supervisor was not permitting him to go out for taking his meals. O.P.W. 3 enquired into the matter. He found that Ramaswami and Ramdas had already spent one hour for tiffin in the morning between 8 a.m. and 9 a.m. But Ramaswami did not take his meals at that time as his meals had not yet arrived. So he only took his tiffin. He asked Ramaswami to stack cement quickly so that the elevator machine might be fed and then find time for taking his meals. After half an hour he again noticed that Ramaswami and the Grinding Supervisor were quarrelling. He found 22 bags on the carrier and 5 bags on the ground having apparently slipped from the carrier. This is the incident. It is clear from the above that Ramaswami was bent on flouting the order to carry 16 bags on the carrier. He could never have mistaken the shift boss's direction to carry cement quickly to interpret it as carrying more than 16 bags at a time. Ramdas even asked him not to do that. He seemed to be desperate. He might have been nettled by the Grinding Supervisor's refusal to allow him to go out to take his tiffin. But is this the spirit in which a man should work and defy his immediate boss? He was not only disobeying the instructions but was doing it in a brazen

faced manner. This matter was enquired into by Mr. Hough, Mr. Snowball and Mr. Smith where witnesses were examined including Ramaswami. He was given a regular charge-sheet and he even gave his explanation. As a result of the said enquiry the authorities discharged him. I think the decision of the authorities regarding this aspect of the matter was not such as can be found fault with. Because Ramaswami was the Secretary of the Union he should not be exonerated from the blame. His conduct was subversive of discipline.

There is another charge against Ramaswami. He took permission of the shift boss, O.P.W. 3, Md. Basir, and went to the medical department for treatment. But admittedly he did not have any treatment there. He merely drafted the complaint, Ext. D3, regarding the incident in question. So he took a false plea to absent himself from the factory. Another charge against him is that he applied for leave on the day he wanted to avail himself of it. That was contrary to the usual method. Ramaswami says that as it was an urgent affair he could not follow the usual method. This may be excused. It is not such as can merit the dismissal order. The other charge mentioned was to demand time for tiffin in excess of one hour, as per charge-sheet in Ext. C. This is not such as can call for any disciplinary action. The authorities could very well have refused it. So this cannot entail any dismissal. Having regard to all these I find that the dismissal order was justified in view of Ramaswami's conduct on the 19th June 1951 regarding carrying of more than 16 bags at a time on the trolley contrary to the express direction of the Company. So I decline to interfere with the order of dismissal. It was alleged in the written statement that Ramaswami was persuaded by the Works Manager to dissociate from the Union. He admits during the hearing that he had no such talks with the Works Manager. It was evidently put in only to say that he was victimised for his Union activities. This is beaten hollow, as above. Ramaswami entered the Company's service with a lie and has also come out with a lie.

Regarding Nathuni the Union drops its claims. He was a contractor's man and as such not a workman as defined in the Industrial Disputes Act 1947. So there is no case regarding him. Besides Nathuni was discharged for overstaying his leave under the Company's standing orders.

Regarding Durgaya, Kalia and Rabidas— They were discharged because their work was not found satisfactory on the completion of 6 months of probationership. Durgaya, according to the Company was engaged on probation on 15th February 1951 and discharged on 7th August 1951 (Ticket No. 490); Kalia was engaged on 8th February 1951 and discharged on 8th August 1951 (Ticket No. 208) and Rabidas was engaged on 16th February 1951 and discharged on 8th August 1951. It is the contention of the Company that the Company was entitled to discharge any probationer before his confirmation if his work was found unsatisfactory. Under the Company's standing orders, Ext K, part 1, a probationer has been defined as a workman who is provisionally employed to fill regular vacancy in a post and has not completed 90 working days' service therein. The Company is under an impression that because the Engineering Tribunal has fixed the period of probation as six months the Company can withhold probationership contrary to their Standing Orders up to the period of 6 months. I am inclined to think that the Company cannot override its own standing orders. If the standing orders are accepted on their face value then the Company is bound to confirm a probationer after 90 days' service or cannot discharge him if the probationer is kept in service even after 90 days when he is entitled to be confirmed at once. It may very well be taken that he is confirmed if confirmation is delayed long thereafter as in the present case. I am told that this is the view which has

been taken also by the Hon'ble Labour Appellate Tribunal of India regarding the standing order of this Company. So these 3 men, Durgaya, Kalia and Rabidas should not have been dismissed summarily. Admittedly they were not given any charge-sheet. But as they have been found to be inefficient I cannot give any order for their reinstatement. The only order I pass is one of compensation. I grant them two months' basic wages each at the rate last drawn by them as compensation for the summary discharge. The payment must be made within one month of the award coming into operation. If these workmen do not turn up in response to the Company's notice within a reasonable time they would forfeit their claim to such compensation. This is disposed of accordingly.

The legal point pressed during the argument is whether Sri Narayan Das Gupta can represent the workers of this concern as he did. The Company contends that he is not competent to so represent, because he cannot squeeze himself under one or other sub-clauses (*a*), (*b*) or (*c*) of section 36(*1*) of the Industrial Disputes Act, 1947. If he is the Vice-President of the Garden Reach Union of the workers of the Asbestos Cement, Ltd., that Union is admittedly unregistered. Ramaswami, P.W. 5, admits this. So section 36(*1*)(*a*) aforesaid is inapplicable. Next, whether he can come in his capacity of being the Vice-President of the Engineering Mazdoor Sabha which is a registered body. Firstly, Ext. M. shows that in the 14th Annual Conference on 15th July 1952, Sri Narayan Das Gupta was not so elected. He does not appear at all as an office-bearer. So he cannot represent the workmen as he is not an officer of any registered trade union. Then let me see whether this Sabha is a federation of Unions as the Company contends or an unitary body as the Union claims. Ext. 5 shows that 60 or 65 Unions have combined to form this Engineering Mazdoor Sabha. So it appears to be a Federation to all intents and purposes. Now Ramaswami, P.W. 5, admits that his unregistered Union of which Sri Narayan Das Gupta is the Vice-President is not affiliated to the Hind Mazdoor Sabha. So section 36(*1*)(*b*) is out of place. Then if the Engineering Mazdoor Sabha is an unitary body, Sri Narayan Das Gupta is not its office-bearer and, as such, is not eligible to represent the workers also under section 36(*1*)(*a*). If it is a Federation, he cannot even then represent as already pointed out as the said Union at Garden Reach is not registered nor affiliated to this Federation.

So I find that Sri Narayan Das Gupta is not competent to represent the workmen here under section 36(*1*) of the Industrial Disputes Act, 1947. So the position is that in the present case the workmen go unrepresented. What is the legal result? If this objection was pressed at the earliest moment as it should have been done instead of during the hearing I could have asked the workmen to get themselves represented by some representative of their own. But at this stage when everything has been done and when the hearing has been concluded I cannot throw the workmen overboard because of this technical objection pressed at the last moment. So I do not put the workmen out of the Tribunal because of this objection on the score of representation. I have accordingly passed my award on the merit. But I have made my observations here only to make the position clear as the parties invited me to do. The objection is accordingly disposed of.

G. PALIT,
District Judge,
Fifth Industrial Tribunal.

The 5th December 1952.

By order of the Governor,
D. S. P. MUKHERJEE, Dy. Secy.

ORDER.

No. 3983Dis./D/10L-89/52.—18th December 1952.—Whereas under the Government of West Bengal, Labour Department, order No. 1803Dis./D/10L-89/52, dated the 4th July 1952, read with its addendum No. 2041-Dis/D/10L-89/52, dated the 30th July 1952, the industrial dispute between Messrs. Poddar Automobiles (Automobile Engineers) of 113, Park Street, Calcutta, and their workmen represented by the Bengal Motor Industry and Transport Workers' Union, 14, Moti Sil Street, Calcutta-13, regarding the matters specified in the schedule to the said order, dated the 4th July 1952, read with the said addendum, dated the 30th July 1952, was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial dispute between Poddar Automobiles (Automobile Engineers) of 113, Park Street, Calcutta, and their workmen represented by the Bengal Motor Industry and Transport Workers' Union, 14, Moti Sil Street, Calcutta, referred under Covernment order No. 1803Dis./D/10L-89/52, dated 4th July 1952.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union : Shri P. K. Sanyal, Advocate, instructed by Mr. Hussan, Secretary of the Bengal Motor Industry and Transport Workers' Union.

For the Company Shri S. C. Sen, Advocate.

By Government order No. 1803Dis./D/10L-89/52, dated 4th July 1952, the above dispute was referred to this Tribunal for adjudication. The Union appeared and filed written statement on 18th July 1952 and the Company filed written statement on 28th July 1952. The case was heard on 17th November 1952. I inspected the workshop on 21st November 1952. The issues referred to for adjudication were the issues which were adopted by this Court and they were as follows:—

(1) Whether the termination of the service of Shri Jamini Ranjan Roy in May 1951 was justified? What relief is he entitled to?

(2) Annual increment.

(3) Notice of termination of service.

The case for the Union is that the services of no workmen should be terminated without a month's notice or in lieu thereof without payment of a month's pay and dearness allowance. The Union also contended that the Company had taken over the factory of National Motor Service in 1946 and since then it has been paying annual increment to all labourers—skilled, semi-skilled and unskilled, but suddenly in 1951 the increment has been

stopped and during 1952 also no increment has been granted. The Union further contended that with the object of victimising the worker Jamini Ranjan Roy who had been a member of the Factory Committee and a permanent member of the Union, the Company ordered him to be transferred to Siliguri Branch and directed him to leave Calcutta on the next day. The workman agreed to go provided he would get sufficient consideration for leaving his family at Calcutta, that the Management refused to consider any of the requests of the worker but insisted that he must report at Siliguri on or before 3rd of May 1951. The said worker Jamini Ranjan made further representation for proper consideration for his joining at Siliguri. But the above-named Company without showing any consideration whatever wrongfully terminated his services on 3rd of May 1951. The Union accordingly wants reinstatement of Jamini Ranjan Roy on the ground that the order of discharge is illegal.

The Company, on the other hand, contended that the Company's standing order contains ample provisions for the purpose of notice and the Company cannot concede to the demands of the Union in this respect. The Company also contended that the Poddar Automobiles firm started its work in December 1946 when all workmen were employed on a fixed pay and the Company never promised or came to any agreement with anybody that it would put the workmen on an automatic incremental scale of pay, that the Company increased the pay of its workmen according to their skill and ability only and no question of stoppage of increment can arise, that for economic reasons also any further increment as claimed is not justified.

As regards the case of Jamini Ranjan Roy it was contended that under Company's standing order No. 8 the services of all workmen are liable to be transferred from one station to another, and that the Company did transfer persons as and when occasion arose, that in April, 1951 a requisition was made from the Siliguri Branch of the Company for a competent fitter mistry, that the Management selected 3 of the mechanics including Jamini Ranjan Roy but all of them refused to go to Siliguri and so the Company suggested that there should be lottery and the workers agreed to such a procedure. It so happened that by the lottery the name of Jamini Ranjan Roy was drawn but when on 27th April 1951 he was ordered to leave for Siliguri by the next day he wrote a very impertinent letter laying down impossible conditions for his transfer and insinuating ulterior motives on the Management. The Company wrote him further to join on 3rd of May 1951 to which he paid no heed. He was accordingly dismissed with effect from 3rd of May 1951, that the dismissal of Jamini Ranjan was justified and was not an instance of victimisation or unfair labour practice on the part of the Company.

AWARD.

Issue No. 3.

This point was considered by the Adjudicator Mr. R. Gupta, I.C.S., in he case in which 15 motor industries including National Motors, Ltd., were parties on the one side and the present Union was party on the other side. This award, I think, is binding on the present Company, a successor to the interest of National Motors, Ltd. It was argued that the present concern was different from the concern of the National Motors but O.P.W. 1 had to admit that the Poddar Automobiles took up the interest of National Motors either by purchase or by lease. So I think the award is binding. At any rate, the matter was thoroughly discussed in the award and the learned Adjudicator came to the conclusion that every worker who is to be retrenched should be given notice (or wage in lieu) of one week or the wage period of the firm whichever is greater. I adopt the arguments and direct that this should be a period of notice.

Issue No. 2.

The service condition which existed at the time of National Motors should accordingly also bind the Poddar Automobiles. O.P.W. 1 could not say if Poddar Automobiles adopted the rules and terms of service of the National Motors wholly or partly. The General Manager also said that he does not remember if they had put up a notice in the Notice Board to the effect that the service condition of the National Motors will be adopted by the Poddar Automobiles. At any rate, it is clear that Poddar Automobiles is a successor-in-interest of National Motors. All the workers of National Motor Service were retained in the Poddar Automobiles. There was no new contract as regards the rules of terms of the service. The natural inference is that the terms and service of the National Motors were adopted by the Poddar Automobiles coupled with it there is a letter from the General Manager himself written to the Labour Commissioner on 24th February 1947. In that letter the Company stated "We understand that the agreements have been reached by the Motor Industries Association representing the employers in the industry of which incidentally we are also members and the Bengal Motor Industry and Transport Workers' Union through your good offices some time ago. We have accepted the terms generally agreed upon between these two parties and therefore..... If the Union is not aware as yet the terms and condition of the service under our employment we would request you to inform them that no change has yet been effected nor do we contemplate effecting changes in the conditions agreed upon in the near future."

It is not the Company's case that subsequent to this any change has been effected. In fact, the Company gave out that they do not contemplate in effecting any changes in the conditions agreed upon, and the Company authorised the Labour Commissioner to intimate those terms to the Union as representing the service condition. After this I think now the Company is not entitled to go back on its words and is, therefore, bound by the terms of the agreement. In that document the agreement concerning minimum wage for unskilled workers was to the following effect "The said workers' minimum starting wage shall be 12 annas 6 pies per day. Those who were already being paid at a higher rate will continue to receive it. All unskilled workers will receive an annual increment of one anna per day subject to the condition that when the maximum has been reached the employers will consider each case and promote a worker to the grade of a semi-skilled man provided he is found fit for the same." Regarding semi-skilled and skilled workers the agreement was "in view of the agreed definition of skilled workers their minimum wage is left out of consideration. It was however agreed that the minimum starting wage of semi-skilled worker will be Re. 1 per day. All semi-skilled workers will normally be given increment every year but the employer will have the right to withhold the increment in the case of a worker who has a record of bad conduct or whose efficiency is not such as to merit an increment." It also appears that since the date of agreement arrived at on 27th October 1945 the Company had been allowing increments to the said three classes of workers during the years 1946 to 1950. The increment has been suddenly stopped in 1951. The Company took a very peculiar plea by way of explaining their conduct in their written statement, namely, (1) that it started work independently and has nothing to do with National Motors, (2) that all the workmen were employed on a fixed pay, (3) that the Company never promised or came to an agreement with anybody, (4) that for economic reasons no further increment was justified. Regarding first point I have already decided it against the Company. I also decide the third point in favour of the Union. In the wake of this the contention of the Company that the workmen were employed on a fixed pay automatically falls

to the ground. Further the Company has failed to establish that the workmen were employed on a fixed pay. So the second and third points are decided against the Company. The Company, however, contended that it granted increment only according to skill and ability but it appears that increment has been generally given without any discriminaton. There is also the agreement to give increment and it can be withheld only on certain conditions as stated in the agreement. It is not the Company's case that the increment has been withheld in the case of worker who has a record of bad conduct or whose efficiency is not such as would merit an increment. So with regard to all the three classes of workers the Company was contract-bound to allow increment, the rates having been specified in the case of unskilled and semi-skilled workers. On the contention as regards financial position (item No. 5)—the Company has not adduced an iota of evidence. Consequently I hold that the Company is able to pay. There is thus no reason for the Company to withheld the increment for the years 1951 and 1952. As regards this point the decision of the Hon'ble Appellate Tribunal in the case of Ganesh Flour Mills, Ltd., and their workmen, Labour Law Journal, Volume I, 1952, page 524, is conclusive. There the Company had given increment year after year to its employees but it stopped increment for the years 1948 and 1949 on the ground that profits were going down and the future prospect of the industry was not bright. It was argued on behalf of the Company that it would be unfair to award increment to the employees year after year when the maximum had not been fixed and that the employees could not get increment as claimed in the absence of a contract or agreement between the Management and the employees to the effect that annual increments were to be given. In this case the employees are in a much better position because their increments and even the rates thereof in the case of semi-skilled and unskilled workers are fixed by a contract. This case, therefore, stands on a stronger footing. But in that case also the Hon'ble Appellate Tribunal held that although it would have been more satisfactory if the incremental scales and grades had been fixed, yet having regard to the fact that the increments had been given in the past it may be inferred that the annual increments were looked upon by the employees as being conditions of service. The same principle is applicable to the present case as well and that with greater force in view of the existence of the agreement and also in view of the fact that there has been no change of circumstances justifying withholding of the increment, and further to justify an alteration of what the employees are entitled to look upon as condition of their service. I, therefore, award that the Company would continue to grant increment to its workers for the years 1951 and 1952 as in the past year.

Issue No. 1.

On this point the Company's case is based upon rule 8 of the standing orders which clearly provides that services of all workmen are liable to be transferred from one station to another. The Union's case is that the order for transfer as a premeditated plan, the object being to victimise Jamini Ranjan who was a union worker and also a member of the Works Committee. I shall look to this matter (*i*) from the point of view how far the Union has succeeded to show bad faith on the Company and secondly whether the evidence on the side of the Company points to their *bona fides*. On the side of the Union there is no iota of evidence except the uncorroborated testimony of Jamini Ranjan that he was a member of the Union and that he also organised the factory committee. He has not filed a scrap of paper to show that he has paid Union's subscription. As regards factory committee again his own admission is that he along with 21 others formed the committee. So the Company's grudge, if any, would be against the 22 members and not against him alone. The Manager and the Works

Manager have justly said that they have absolutely no grudge on this worker. It was suggested that this worker organised a strike that took place shortly before his dismissal but the Manager has said that he was not aware of such fact. Jamini Ranjan also did not venture to say that he organised the strike. Consequently from any of the points of view there is absolutely no reason why the Company will bear grudge against him and the question of his victimising would not even arise in the absence of positive proof regarding his union activities. On the other hand, the *bona fide* of the Company is more than evident. On 12th April the General Manager Mr. Mitra got a letter from the Siliguri Branch in which it is stated that he was being reminded about the previous arrangement for sending a qualified Mistry and he says that on his agreeing to supply the qualified man he has taken a dodge drive of H. R. H. Prince Fiter for doing up his engine trouble. The urgency of the matter was also made clear by stating the date by which work was to be done, namely, the 24th of the month, and he requested Mr. Mitra to see that a mechanic would come before that date. It was never suggested that this letter was concocted for the purpose of this case. On the other hand, I am satisfied about its *bona fides*. On receipt of this letter the Manager in consultation with the Works Manager selected three Mistries. It is really surprising that in spite of the urgency of the matter and in spite of its being service condition that the workers may be transferred according to Company's needs, all the three workers flatly denied to go on transfer. The Management took a very lenient view of the matter and to please its workers arranged a lottery which it was not bound to do. Jamini goes to the length of saying that though a lottery was held it was held in his absence. This is not true. On this point I am prepared to accept the evidence of the Manager and the Works Manager that the lottery was arranged with the consent of the three workers and there was a fair deal and the name of Jamini was drawn as a result of the lottery. The company thereupon was quite justified in directing him to proceed without further delay by completely exhonerating the other two persons who voluntarily subjected themselves to lottery and managed to come out scot free. The delaying tactics of the workers already took the matter to 27th of April although by the letter, dated 12th April, 24th was the date fixed to finish the work. On 27th this worker again took up peculiar attitude. The Company were justified in its remark that "the worker in return wrote an impertinent letter laying down the impossible condition for his transfer and insinuating ulterior motive on the part of the Management in selecting him for the purpose." It is clear that there was evil brain in the worker or behind the worker in chalking out such a device against the Management. He was making out a case against the Management anticipating his retrenchment as it was the natural consequence of his refusal to go. He also knew that the laying down of such condition would tantamount to his refusal to go. The demands are obviously very curious and it is unnecessary to dwell on them as they will speak for themselves. They are:—(1) increase of wage, (2) fooding allowance for the period of stay outside, (3) accommodation for advance for the family expenses and purchase of necessities for the family and second class fare for his coming and going back home for every three months during the period of his transfer and other matters regarding compensation.

It was contended that the worker was entitled to know about his accommodation and ask for advance. But here the advance was for other reasons not connected with the transfer. I am satisfied that the worker had no mind to go. So he had to put up these impossible conditions and did not really want any accommodation from the Company by way of advance for his transfer and other necessary matters. The very tone of

he letter is justly characterised by the Management as impertinent and he insinuation on the Company is reprehensible where there is absolutely no foundation for the contention that the worker was a fit union worker, it s surely impertinent on the part of the worker to go to the length of saying that the Company had a mind to retrench him on the plea of transfer. But the attitude of the Company on receipt of this letter was rather cool. The Manager did nothing but simply pointed out to the worker that he was liable to move according to his service condition and that he will get those facilities to which he was entitled under the service condition here as well as at Siliguri. It also pointed out that the violation of the standing order was a major misdemeanour to which the employees should not enter for courting his dismissal. The reply which the worker gave to it was still more impertinent. I have considered the letter from the point of view of the discipline and the Management's expectations about treatment from its worker and I am satisfied that it merited dismissal. On receipt of this letter the Manager gave the worker a chance for coming to his senses and directed him to start without further delay at the earliest available train. It was contended in the written statement that the worker gave further replies to it but no such reply has been placed before me and the story is not true. The Manager states that the worker took this letter flatly and did not move and hence he was dismissed, for major misdemeanour according to the standing orders. It was contended by the learned Lawyer for the Union that the procedure adopted by the Manager for dismissal was not correct as the worker was not charge-sheeted nor asked to explain his conduct. But the charge was known to the worker who anticipated his dismissal on the ground of his refusal to go but his explanation is that the Company wanted to victimise him on the plea of transfer. So the charge anticipated was there and the worker's explanation was also there in his letter, dated 27th April 1951 and 1st May 1951. So further charge sheet or explanation or enquiry is not called for. The worker by his conduct avoided the necessity of going through these formalities and made them superfluous. The purpose of observing these formalities was considered by the Tribunal in the Punjab National Bank's case not disturbed by the Hon'ble Appellate Tribunal) and it was shown that here are cases where the observance of the formalities are not only unnecessary but their observance is derogatory to the Company. In such cases the law will not still enjoin the observance of the formalities when here is no question of bad faith on the part of the Employer and no question of prejudice on the employee and the dismissal from service which is the net result will not be bad. The dismissal is therefore, upheld.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the complainant: Shri S. K. Acharjya, Counsel, assisted by Shri S. C. Sen, Solicitor.

For the Company: Shri K. B. Basu, Counsel, assisted by Shri N. K. Raha, Pleader of Messrs. Orr, Dignam & Co., Solicitors.

AWARD.

The Government of West Bengal in the Department of Labour, by order No. 934Dis./D/11L-26/52, dated 29th April 1952, referred the industrial dispute between Messrs. Brooke Bond (India), Ltd., Brooke House, Post Box No. 187, Calcutta, and their workmen represented by Brooke Bond Mazdoor Union, 129/A, Circular Garden Reach Road, Kidderpore, Calcutta, regarding a number of issues to my predecessor, Shri A. Das Gupta. After a time, the services of Shri Das Gupta were not available, and the Government by order No. 3241Dis./D/11L-26/52, dated 21st November 1952, transferred the dispute to my file. The proceedings before the Tribunal in regard to that dispute is still pending.

One Jonab Ali Hossain field a complaint under section 33A of the Industrial Disputes Act stating that on 22nd July 1952 he was transferred from the "Packing Department" to "Strapping Salvage" in a separate building

without any ground. It is further stated that the applicant is the President of the Union known as Brooke Bond Mazdoor Union and took an active part in the disputes between the Management and their workmen, and further, that the transfer of the petitioner from one department to another by the Management without the previous permission of the Tribunal was a contravention of the provisions of section 33 of the Industrial Disputes Act. The applicant, therefore, prays for adequate relief in the circumstances.

The Company in its written statement states that Ali Hossain is one of the many daily-rated workmen of the same group employed by the Company in its factory, that from 22nd July 1952 he was required to work in the "Strapping Salvage" Department in the factory along with other similar daily-rated workmen working there and that such transfer was made in the usual course of management on grounds of administrative requirements and factory efficiency. It is further stated that the action of the Company in engaging workmen in the particular department with effect from 22nd July 1952 was *bona fide* and the petitioner was not entitled to any relief and that the application should be dismissed.

The applicant filed an application on 8th December 1952 stating that he would not press the present petition under section 33A of the Industrial Disputes Act, 1947, in view of the fact that there was an issue on the matter in the main case regarding the question of transfer from one department to another. In view of this petition, the application under section 33A of the Industrial Disputes Act is rejected.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Jonab S. T. Hossain, represented by Brooke Bond Mazdoor Union, 129/A, Circular Garden Reach Road, Kidderpore, Calcutta, against Messrs. Brooke Bond (India), Ltd., Brooke House; Post Box No. 187, Calcutta. (Case No. 95/52 under section 33A.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the Complainant: Shri S. K. Acharjya, Counsel assisted by Shri S. C. Sen, Solicitor.

For the Company: Shri K. B. Basu, Counsel, assisted by Shri N. K. Raha, Pleader of Messrs. Orr, Dignam & Co., Solicitors.

AWARD.

The Government of West Bengal in the Department of Labour, by order No. 934Dis./D/11L-26/52, dated 29th April 1952, referred the industrial dispute between Messrs. Brooke Bond (India), Ltd., Brooke House, Post Box No. 187, Calcutta, and their workmen represented by Brooke Bond Mazdoor Union, 129/A, Circular Garden Reach Road, Kidderpore, Calcutta, regarding a number of issues to my predecessor, Shri A. Das Gupta. After a time, the services of Shri Das Gupta were not available, and the Government by order 3241Dis./D/11L-26/52, dated 21st November 1952, transferred the dispute to my file for adjudication. The proceedings before the Tribunal in regard to that dispute is still pending.

One Jonab S. T. Hossain, ticket No. 1102, a Mistry of the Company, working in the Bag and Printing Department, filed a complaint on 16th August 1952 under section 33A of the Industrial Disputes Act, 1947, stating that he was suspended by the Company by a notice, dated 11th August 1952, and was dismissed by an order, dated 14th August 1952 and that he was not given any opportunity to defend himself by adducing evidence or to consult the Union authorities in the matter. The applicant therefore prays for relief in view of the fact that he was dismissed in contravention of section 33A of the Industrial Disputes Act.

The Company, in its written statement, states that on 11th August 1952 at 6-15 p.m. when the petitioner was leaving the factory premises and was subjected to the customary search by the watchmen at the gate, certain articles of the Company were found with the petitioner. It is further stated that the Company served the petitioner with a charge-sheet on 13th August 1952 and after making an enquiry, served him with an order of dismissal on 14th August 1952, but that it *omitted* to secure the permission of the Tribunal for such action under section 33 of the Industrial Disputes Act owing to a *bona fide* misconception.

The applicant, Jonab S. T. Hossain, denied that he took away any articles, as alleged by the Company.

At the commencement of the hearing, the workman Jonab S. T. Hossain made a representation to the Company in court to allow him to leave the service of the Company with his Provident Fund money, including the Company's contribution. On this representation of the workman to the Company in court and at my request to consider the case of the workman, who has put in over 26 years' service sympathetically, the Company is agreeable to pay to the workman, with the consent of the Trustees, the Company's contribution to the provident fund, as prayed for by the workman.

In view of this fact, the applicant Jonab S. T. Hossain did not press his application under section 33A any further. It is, therefore, awarded that the Company should pay to the workman, with the consent of the Trustees to the Provident Fund the Company's contribution to the Provident Fund to the applicant Jonab S. T. Hossain. He did not make any other prayer and no other relief is granted to him. The application is disposed of accordingly.

ANNEXURE.

Industrial dispute between Messrs. B. K. Paul & Co., Ltd., 1 & 3, Bonfield Lane, Calcutta, and their workmen represented by B. K. Paul & Co. Employees' Union, 102, Musalmanpara Lane, Salkia, Howrah, referred to under Government order No. 805Dis./D/11L-7/52, dated 10th April 1952, and No. 1820Dis./D/11L-7/52, dated 7th July 1952.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri P. K. Ghosh and Shri Hem Chandra Mukherji appear for the Union.

For the Company: Shri S. K. Ghose, Secretary, and Shri Nitai Paul, Director of the Company, appear for the Company.

AWARD.

By Government order No. 805Dis./D/11L-7/52, dated 10th April 1952, the above dispute was referred to my predecessor Shri M. C. Banerji. Written statement was filed by the Union on 23rd April 1952 and by the Company on 21st May 1952. The services of my predecessor not being available the said dispute was referred to me by Government order No. 1820Dis./D/11L-7/52, dated 7th July 1952, and the proceedings continued under section 8 of the Industrial Disputes Act. The issues referred to by Government were the same as the issue framed by this Court which are as follows:—

Whether the termination of employment of the men specified in the annexed list is justified; to what relief they are entitled?

The case was heard from 13th October 1952 onwards and I inspected the Factory on 15th October 1952.

The case for the Union is that the abovenamed Company retrenched several of its workmen in 1951 as a result of which there was an industrial dispute which was referred to by Government for adjudication to Shri M. C. Banerji At the time of hearing it was agreed that the Company would reinstate seven of the retrenched persons, and the award made in terms of the agreement was published in January 1952, *i.e.*, at the end of the same month the Company secured Rs. 5 lakhs from the estate of late Butto Kristo Paul for managing the progressive increase of the volume of trade of the Company, but soon thereafter the Company again by a notice, dated 12th March 1952, retrenched 30 workmen with effect from 14th March 1952, that amongst the list there were persons who are members of the Executive Committee, General Secretary, Vice-President and Treasurer, that the object of the Company was to completely, dissolve the Union and it was accordingly *mala fide* and the workers, therefore, prayed for reinstatement as well as other incidental reliefs.

The case for the Company is that the financial position of the Company was precarious since long before the time when the dispute referred to by the workers was submitted for adjudication to Shri M. C. Banerji in 1951, that at the time of the hearing of that case the Company only agreed to reinstate seven of the discharged persons with the intention of buying peace, that since that award the financial position of the Company further deteriorated and as a result the Company decided reorganization of the department and readjust its staff position and by so doing some persons being found to be surplus, had to be retrenched, that in selecting the personnel the Company followed the recognised principles of retrenchment, that it had no *mala fide* intention in effecting the same, that the Company was prepared to grant to the retrenched persons their retiral benefits and retrenchment relief, that 23 of them had accepted their dues in full but the rest have not yet accepted it.

Decision.

Messrs. B. K Paul & Co., is a longstanding well-reputed firm established by former proprietor late B. K. Paul some time in 1341 B.S. The descendants of late B. K. Paul converted the joint family business into a private limited concern under the Indian Companies Act, they being the shareholders as also Directors of the business. The Company suffered loss of business since the demise of one of its governing Directors late Sir Hari Sankar Paul who was also financier of the Company. The financial position of the Company came up for discussion before Shri S. N. Modak as

far back as in 1947. While discussing the question as regards increments Shri S. N. Modak observed "From an examination of the statements and balance sheets brought to my notice it appears that this Company although a reputed Company doing a large scale business in medicines in Calcutta, has not been in a very sound financial position in some years past. It appears that there was huge losses up to the year 1345 B.S. and losses continued to occur to the extent of extraordinary large amount during the years 1346, 1347 and 1348 B.S. and profits began to accrue only in the year 1349 B.S. and it also continued to accrue during the years 1350 to 1352 B.S. The profits derived during these years were, however, only to the extent of Rs. 3,000 for each year which do not compare favourably with very much larger losses in the preceding years, the audited accounts for the year 1353 B.S. have not been placed before me as presumably they could not be made ready. There are good reasons, however, for presuming that the profits derived during the year 1343 B.S. could not be substantially larger than in the immediate preceding years in so far as the year 1353 B.S. was a rather difficult year in Calcutta owing to prevalence of communal riot and other political factor. On examining the figures of profits which have accrued during the recent years one gets the impression that the Company's contention to the effect that it is unable to pay its employees to the extent demanded on their behalf is not altogether unfounded.....". Subsequent to this in 1950 again the Union came up with the question of increase of the dearness allowance and there was also the question of reinstatement of four workers and the question of transfer of Shri Hem Chandra Mukherji and that case was amicably settled and on the side of the Company it was agreed that the Company will not make any retrenchment of staff for one year, while on the side of the Union also they agreed that in view of the present economic crisis through which the Company is passing the consideration as to the increase of dearness allowance will remain in abeyance. It appears from the Company's minute book that so far back as in 12th December 1949 the Board of Directors considered the financial difficulties, through which the Company was passing arising out of the Bengal Partition and devaluation of currency and it resolved that a committee consisting of three of its officers be appointed to enquire into the present condition of the Company in order to find ways and means for economising the cost of management. So it appears since then the Company was finding out ways and means for reducing the cost of management on the one hand and on the other hand it was trying to give protection to the employees as far as possible. It appears from the statement of account filed by the Company that in the year 1949 late Sir Hari Sankar Paul gave advances to the Company to the extent of Rs. 2,26,000 and in the following year he recouped from out of it only Rs. 77,000 leaving a balance of Rs. 1,49,000 which still remained unpaid. It is said that since the demise of late Sir Hari Sankar Paul, the financial position of the Company further deteriorated, as the advances which late Sir Hari Sankar Paul used to grant has been completely stopped and the Bank also is not favouring them with advances which they used to give during the life time of late Sir Hari Sankar Paul. It further appears that the Company is also indebted to the estate of Butto Kristo Paul (deceased) to the extent of Rs. 1,61,000 and odd, which is also remaining still unpaid. It was contended that the Company in violation of the agreement made before Shri S. C. Chakravarty, Arbitrator, retrenched officers in July 1951 and as a result there was industrial dispute and this was referred to my predecessor again in 1951. That case which was referred to my predecessor was tried in December 1951. The award shows that the Company came to terms with the Union agreeing reinstatement of seven out of 21 persons whose retrenchment was under consideration in that case. The Company says that they agreed to such terms

simply with the object of buying peace. A scrutiny of the terms of the settlement goes to indicate that the Union had to give up the case for reinstatement of 14 of the workers who were retrenched on economic grounds and consequently I am prepared to accept the contention of the Company that really it agreed to take in seven of the workers simply with the object of buying peace for the time being. A perusal of the Company's minute book and the policy of retrenchment adopted by it since 1949 also convinces me of the same view. The retrenchment in July 1951 was clearly made in pursuance of the policy adopted in the meeting of 12th December 1949. Thereafter the Directors met again in the meeting of 29th September 1952 and by that meeting they decided to retrench the staff to get rid of financial difficulties and for that purpose the Directors unanimously authorised Shri N. C. Paul to dismiss and suspend the assistants, clerks and employees and workmen of the Company at his absolute discretion. This shows that retrenchment in 1950 as also in July 1951 was made in pursuance of a definite policy adopted in the meeting of the Directors as early as on 12th December 1949. I am prepared to accept the contention of the Company that the concession was given by way of compromise before Shri S. C. Chakravarti, Tribunal, and Shri M. C. Banerji, Tribunal, which was effected with the sheer object of purchasing peace. There is no substance in the contention that the agreements were so entered into either because there was no deterioration of the financial condition of the Company or because the financial condition of the Company having deteriorated was recouped. We may bear in mind the financial position of the Company as discussed in the award of Shri Modak referred to above and with this we may consider the aspect of the financial position as has been proved before us by means of evidence. The Company has submitted a comparative statement of its financial position for the years 1354-56 B.S. which discloses that the loss of the Company as brought forward from the previous years up to 1353 amounted to Rs. 3,35,844-5-6 pies and the loss during the years 1354 amounted to Rs. 1,34,177-9-7 pies, thus making a total loss up to 1354 B.S. to be Rs. 4,70,021-5-1 pie. Similarly in the year 1355 B.S. the Company suffered a further loss of Rs. 3,20,469-4-6 pies and hence the total loss up to 1355 B.S. amounted to Rs. 7,90,491-3-7 pies. In the following year, namely 1356 B.S. the Company again suffered a loss to the extent of Rs. 3,26,802-13-8 pies which together with the loss up to 1355 B.S. amounted to a total loss of Rs. 11,17,294-1-3 pies. Similarly in 1357 the Company suffered a further loss which together with the loss of the previous years amounted to a total loss of Rs. 13,05,281 and odd annas. The balance sheet for these years have been audited and so we can safely rely on the statement of account. The balance sheet for the year 1358 B.S. is not audited. The Company, however, has produced profit and loss account up to the month of Aswin 1358 B.S. which discloses that the estimated loss for the period would amount to Rs. 63,180. We have also before us the statement of sale for the subsequent months of January to August. They disclose that the recurring expense on different items exclusive of rent, contribution to provident fund, purchase and sales tax was quite out of proportion with the figure of sale for these months. The Company has also provided us with comparative statement regarding the orders by telegram and by post which disclose that there has been a considerable fall in the orders during the years 1356 to 1358 B.S. on both counts. On behalf of the Company Shri N .C. Paul—Director and shareholder has also pledged his oath that on account of the economic condition the Company could not pay wages of the staff in time and for that they have been fined. Evidence also discloses that during the life time of Sir Hari Sankar Paul he used to make advances to the Company by which he could execute the orders in due time but since his demise they have been deprived of the advantage of his financial help, and as a result the

financial condition of the Company has further deteriorated. It was contended by the Union that the Company suffered lapses on account of its high overhead charges. The Directors, it appears, were very conscious about this and by their resolution, dated 5th May 1952, they resolved that all expenses under different heads would be curtailed since then. The Director Shri N. C. Paul admitted that formerly Directors used to draw the price of petrol from the B. K. Paul & Co. as also the cost of repairs of their cars in lieu of travelling allowance. O.P.W. 1 also admitted that formerly six Directors used to get a salary of Rs. 6,000 and an allowance of Rs. 24,000 but he admitted that the petrol allowance to shareholders has since been reduced for the last eight or ten months and Shri N. C. Paul also admitted that since last one year the Directors and the Managing Directors are not drawing anything from the Company. This shows that the overhead charges have been curtailed as per resolution as far as practicable and the next alternative for the Company to avoid a financial collapse was to curtail its establishment costs by reorganization of the different departments as it was the considered view of the Directors.

I have considered the whole aspect of the financial position and find that this is the only other alternative which must be adopted to stop the financial collapse in the present financial position of the Company. It was contended that after the last award in January 1952 the Company has received an advance of Rs. 5 lakhs from the estate of B. K. Paul & Co. The Company admitted that they received the amount and have submitted a statement as to how it has been utilised. That statement Ext. C shows that out of the sum so advanced Rs. 49,765 was expended for repayment of the Bank's overdraft, Rs. 53,000 was expended for refund of loan to Shri Pulin Chandra Dawn and Rs. 10,000 was expended for sales tax. So out of the said Rs. 5 lakhs only Rs. 25,000 was expended for keeping up the progress of the Research Laboratory and Rs. 5,000 for the Edwards Tonic, Ltd. So this advance was of little help in view of the great financial liabilities hanging over the head of the Company. In consideration of the entire circumstances, I, therefore, hold that in view of the financial position of the Company the steps taken by way of retrenchment was justified. In the case of Viswamitra Press reported in the Labour Appellate Cases January page 21 at page 33, the Hon'ble Appellate Tribunal has laid down that the first question to be considered by the Tribunal is whether a case for retrenchment has been established. On this question the onus would be on the Management, if it fails his case ends there. In this case I hold that the Management has been able to discharge the onus and a case for retrenchment on the ground of economy or other sufficient reason has been established. The next question for consideration would, therefore, be the extent of retrenchment. Here, as laid down in the above case, the matter has to be considered on two sub-heads, namely, (1) whether the Management in retrenching the workmen was *bona fide*, (2) whether in determining the extent of retrenchment it acts partly on extraneous consideration or on improper motives. The only extraneous consideration alleged by the Union in this case is that the Company has terminated the services of almost all the executive committee members of the Union including the General Secretary, Vice-President and the Treasurer with a view to crush the Union. Admittedly the Company has retrenched as many as 30 persons but of them Hem Babu happens to be the Secretary of the Union and Ajit Babu is a Cashier of the Union. As regards Hem Babu, the Managing Director's evidence is that he was retrenched for his irregularities and also because he was superannuated. As regards Ajit Dutt, the Company's case is that he first served in the Instrument Department. As he proved himself to be inefficient for that department, he was transferred to the Packing Department. There also

his work was not satisfactory and further he was discharged as he was juniormost in that department. Really speaking this matter does not come for consideration in judging whether the Company acted *bona fide* or not. But these are matters which have to be taken into consideration by the Management while making any deviation from the principles of retrenchment. However, these points were canvassed for testing the *bona fides* of the Management and its was argued that these grounds are falsely set up and the real object of discharging the said two persons was to victimise them for their Union activities. Upon a consideration of the evidence it is impossible to come to the conclusion that these officers were really victimised. The officers did not venture to say that Shri N. C. Paul who was a Managing Director and a shareholder of the Company and who was authorised to dismiss and retrench or to deal with the workmen in any way that he finds proper for effecting retrenchment bore any grudge against them. This gentleman has pledged his oath before me and I am satisfied that he bore no grudge. On the contrary, it is admitted that the Directors gave accommodation not only to Hem Babu but also to other workers in the matter of granting leave. They granted various concessions to Hem Babu because of the fact that he was an old employee under the Company. He was even given a general permission to attend office at 11 a.m. on his prayer on account of his failing health, and it is admitted that he availed of sixty days' leave in 1356 and sixty-seven days' leave in 1357 by way of special concession. But it appears that Hem Babu had various irregularities regarding his work. On account of his irregularities he was transferred and the question of his transfer was a matter in issue before the Tribunal of 1950 referred to above. The record also shows that he very frequently applied for leave as is disclosed by letters Ext. F series written during the year 1950. He absented himself not only on account of his illness but he used to be absent for various other reasons, *e.g.*, for attending court as he happened to be the Union Secretary and for other reasons. As he was Union worker, he was very insistent on his rights of availing leave on these grounds according to his sweetwill and it appears that over that matter he had various correspondences with the Company and its Directors and on each occasion the Directors took the simple step of calling for his explanation but did not take any serious steps against him. But the replies written by him in answer to the explanations asked for by the Directors is rather bordering on insubordination. Still the Company did not take these letters seriously. But the Directors will not be unjustified if they have taken these irregularities into consideration while dealing with his case for retrenchment on merits. It was contended that the Company was vindictive as it treated him badly on 29th March 1950. His case is that the Head of the Department did not allow him to work in his seat for insulting him. But if he had followed the matter without prejudice, he could have found that it was no insult to him. The Directors were reorganising the department and they started a trial for reorganisation on that date as it was an auspicious day. His superior officers explained the matters to him but still he took it as an insult to him. It was pointed out by the Management that wherever in any department two posts were combined one of the person was found surplus and had to be retrenched unless the Management could find other work for him and when the process was being carried through, some of the officers had to go on without work for some time although they were earning their wages during that period. But this explanation did not satisfy him and he went to the Labour Commissioner. Actually in view of the assurance given by the Manager that this was only a step towards reorganisation which was incumbent on them to take up and until it has finalised and the workers were actually retrenched and above all the considerations that the workers will be paid their wages, it was not proper for only one officer like him (Hem

Babu) to take his case before the Labour Commissioner immediately. I am not prepared to consider that this was an instance which shows that the Management disliked him. On the contrary, it showed that the worker was too much sensitive about his rights and this was bordering upon insubordination. Besides in the case of this officer he has already attained the age of superannuation. Although his evidence before me is that he was 52 years of age but this fact which was within his special knowledge has not been proved by any reliable evidence except his uncorroborated testimony. On the other hand, the Company has proved by contemporaneous oral evidence that his age was near about 57. O.P.W. 2 stated that his idea about age of Hem Babu is that he was 56 or 57. He further stated that Hem Babu uesd to tell him frequently that he was unable to walk further as he has put in 36 or 37 years of service. Similarly Mukti Babu, O.P.W. 3, also stated that he was in service of the Company for 30 years, when he entered service he was 22 or 23 years of age and at that time Hem Babu was about 26 or 27. That also shows that Hem Babu's present age would be about 57. Consequently the axe of retrenchment was likely to fall on him at the first instance as he has reached the age of superannuation and such decision is reinforced by the other considerations. Next we take up the case of Ajit Babu. The contention that he was transferred to the Packing Department from the Surgical Department for the purpose of sacking him as he was a Union worker seems to me to be unfounded. I am prepared to believe the evidence of Nitai Babu as well as of Mukti Babu to the effect that while Ajit Babu was working in the Surgical Instrument Department his departmental head used to complain against him regarding his inefficiency. Shri N. C. Paul got that complaint himself and Mukti Babu who used to put up papers before the Directors also corroborated this. It further appears that when he was transferred to the Packing Department there also his work was not satisfactory and on this point also we have the evidence of the said two witnesses. It was next contended before me that in the department in which Ajit Babu worked there are other persons who are juniors to him but this does not carry any force in view of the fact that Ajit Babu was clerk-in-charge of Sorting and Packing. The other clerks who are juniors are ordinary packers. The Management was quite justified in retrenching the only post of Packer-supervisor. In organising the department the Management was of opinion that the packers will manage the department themselves and a highly paid Supervisor's post was superfluous. It was next contended that there are juniors to him in the Instrument Department and he was transferred to the Packing Department simply for the purpose of victimising him as he cannot be the juniormost in the Instrument Department. I have already pointed out that the story of the Union that the transfer was with the ulterior object of victimising the employee is altogether unfounded. The transfer was effected long ago and during these five years the worker had never complained regarding his transfer or of the Company's ultimate object of victimisation. Consequently in case of both Hem Babu and Ajit Babu the story that they have been discharged by way of victimisation on account of their Union activities hold no water. On the contrary, I have shown that in their case the Company acted *bona fide* and had followed the rules of retrenchment in laying their axe upon him. No other extraneous consideration has been urged which finally resulted in their retrenchment. In the case of Viswamitra Press, the Hon'ble Appellate Tribunal stated that it is not possible nor desirable to give an exhaustive list of cases that would be covered by the second class. The increase of workload on the workmen retained would be an instance of extraneous consideration. Similarly victimisation, unfair labour practice, in effecting retrenchment will be instances of improper motive. The Union has failed to establish any one of these grounds. It is only where a case of retrenchment is made out

but at the same time it appears that the Management in making the intrenchment has acted on an extraneous consideration or actuated by improper motive then and then only the extent of retrenchment comes under the purview of the Tribunal and the Management will have to justify the number retrenched. This principle has been further approved in the Presidency Jute Mills case (*vide* Labour Appeal Cases February 1952, page 69). I have already pointed out that there was no *mala fide* in the act of the Management. On the other hand, I am satisfied that it acted *bona fide* in effecting retrenchment. It was not influenced by any of the considerations mentioned above. The story that Hem Babu, Ajit Babu or any other worker had been victimised is therefore not true. We are not, therefore, required to scrutinise with any degree of circumspection the process of reorganisation but still to satisfy our curiosity we may read with interest the evidence of O.P.W. 2 on this point. O.P.W. 2 has said that order entry department has been amalgamated with Invoice Department, upper counter and lower counter of Sales Department has been amalgamated, Accounts Department and the Bill Department has been similarly amalgamated into one department and so on. According to the law laid down above, it is *prima facie* the right of the Management to determine its labour force and the Management will be best judge to determine the number of workmen who would become surplus on the ground mentioned above. The Union has failed to show that in following this process there has been increase in workload or victimisation or unfair labour practice or that the Management is influenced by extraneous consideration or improper motive. If it were so, it would have been for the Tribunal to scrutinise the matter and direct the Management to confine the number of retrenchment strictly within the limits of the absolute requirement, and in such cases it would have been for the Management to justify by evidence the extent of retrenchment. I have, however, looked into the process of retrenchment and I am satisfied that the Management acted with best of intention. I have discussed the cases of Hem Babu and Ajit Babu. I am not prepared to accept their contention that they have been victimised. Another worker Satish Biswas also pledged his oath stating that he is 48. The Company's case is that he has reached the age of superannuation and further he is also junior to many others of the department. Ajit Babu says that he has horoscope to bear testimony of his age but this is not proved. So he has failed to discharge the onus which lay on him. On the other hand, on the side of the Company the time-keeper has said that Satish Babu used to work in another company and joined B. K. Paul at a very advanced age. Under the circumstances and in the absence of reliable evidence from the side of the worker, the version of the Company that he has reached the age of superannuation must be accepted as true. Besides, Satish Babu did not complain that there was a *mala fide* or improper motive on the part of the Company regarding his selection. So his retrenchment is also upheld. Along with Hem Babu another Patick Chandra Paul has been selected who happens to be the juniormost record-keeper of Excise Department, from Accounts Taraprasanna Babu has been selected as he happens to be the juniormost and Becharam Ghosh has been selected as he is not only superannuated but is also junior in point of recruitment, and Amulya has been selected as he is junior of the two Ledger-keepers and similarly Tarak Babu has been selected from Correspondence Department as amongst Assistant Correspondence clerks he has reached the age of superannuation. Further in consequence of the amalgamation of the upper sale and lower sale, Girija Babu was selected as he is the juniormost sorter and Nanda Babu as he is the juniormost packer, and Chhotan, the junior bearer and Tekka, a bearer who reached the age of superannuation and Sukea, a bearer who was a temporary hand and from upper sale Tarak Babu has been selected who happens to be the Bank Bazar Sarkar which post was abolished. Again in the

Instrument Department, Basanta Dutt—a packer and Basanta Nandi also a packer were selected who had reached the age of superannuation and Biswanath, a bearer, has been selected who happens to be the most junior. It is unnecessary to multiply instances. The Management has submitted before me a full chart containing reasons which prompted the Management to select the persons to be retrenched. The Union has not been able to show that there was *mala fide* on the part of the Management in any of these cases. I, therefore, accept the selection as also the extent of labour force which the Management has been pleased to retain after the amalgamation. That being so, the retrenchment effected by the Management is upheld.

It is, however, well-settled even if the case is of justified retrenchment, the persons retrenched are entitled to retrenchment compensation. In assessing the amount of compensation for losses of employment, various factors have to be taken into consideration, such as length of service, ground of retrenchment, the capacity to pay of the employer. They are also entitled to the provident fund money and also employee's contribution as well as employer's contribution, irrespective of service rendered by them. I have already discussed the evidence regarding financial condition of the Company. The emoluments by way of retrenchment relief offered by the Company consisted of one month's pay and dearness allowance in lieu of notice, provident fund dues and in addition to that gratuity at the rate of fifteen days' pay for every completed year of service for the uncovered period. In my opinion in view of the financial condition of the Company, the offer is quite generous and it will not be proper under the circumstances to saddle the Company with further burden on this score. Amongst the retrenched persons all except Hem Babu, Ajit Babu and Satish Biswas have taken their dues. Company is to pay them their dues on their appearance before them within one month from the date of enforcement of the Award.

SUBODH CHANDRA MUKHERJI,
Judge, Fourth Industrial Tribunal.

By order of the Governor,
D. S. P. MUKHERJEE, Jt. Secy.

ORDER.

No. 4113Dis./D/IIL-78/52.—23rd December 1952.—Whereas under the Government of West Bengal, Labour Department, order No. 322Dis./D/-IIL-230/51, dated the 12th February 1952, the industrial dispute between the New India Tannins, Ltd., Purondip, post office Raniganj, Burdwan, and its workers represented by the New India Tannins Workers' Union, C/o. Bengal Paper Mill Mazdur Union, Ballavpur, Raniganj post office, Burdwan, regarding the matters specified in the schedule to the said order, was referred for adjudication to the Fifth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint in writing was received from Shri Kamal Sarkar, an employee of the said Company, against the said Company, before the said Tribunal, alleging that the said Company had discharged the said employee concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri Kamal Sarkar, an employee of the New India Tannins Co., Ltd., against Messrs. New India Tannins Company, Limited.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

1. The original reference out of which this case has arisen was made under Government order No. 322Dis./D/IIL-230/51, dated 12th Februa 1952.

AWARD.

2. The petitioner's contention was that he was unlawfully dismissed the 1st January 1952 on the plea of no work. This plea is untenable becau new hands have since been taken. So it is contended that it was a clear ca of victimisation.

The Company in its written application contends that under section 33 application cannot lie because the dismissal was not effected during th pendency of the main case to this Tribunal. It is further contended th Shri Kamal Sarkar being a Foreman does not come within the definition "workman" in the Industrial Disputes Act, 1947. So he is not entitled t come under section 33A of the Act. The company maintains that Shri Kam Sarkar was discharged as being surplus.

I did not go into the merits of the question whether Kamal Sarkar wa a Foreman and could come under section 33A of the Act. That would mea the taking of evidence. The legal position, however, is if the petitioner wa not a "workman" as defined in the Act, he is not competent to maintai this application under Section 33A of the Act. This decision, however, not called for because the petition, as it is, is not legally maintainable eve on its very face. The main case was referred to this Tribunal for adjudication by an order, dated the 12th February 1952. The dismissal or discharge of the petitioner had taken place admittedly on the 1st January 1952. So this act was anterior to the date of the reference. Section 33 of the Act is attracted only when any discharge or punishment is effected during the pendency of the case before the Tribunal. In that view of the matter the application under section 33A is rejected as not being maintainable in law. In view of the above I do not enter into the question whether the present petitioner was really surplus or not. The award is passed accordingly.

ORDER.

No. 4114Dis./D/11L-78/52.—23rd December 1952.—Whereas under the Government of West Bengal, Labour Department, order No. 322Dis./D/-11L-230/51, dated the 12th February 1952, the industrial dispute between the New India Tannins, Ltd., Purondip, post office Ranigunj, Burdwan, and its workers represented by the New India Tannins Workers' Union, C/o. Bengal Paper Mill Mazdur Union, Ballavpur, Ranigunj post office, Burdwan, regarding the matters specified in the schedule to the said order, was referred for adjudication to the Fifth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint in writing was received from the said Union on behalf of Shri Kamal Sarkar and Shri N. Sarkar, two employees of the said Company, against the said Company, before the said Tribunal, alleging that the said Company had discharged the said two employees concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by the New India Tannins Workers' Union against the New India Tannins Company, Ltd.

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

1. The original reference out of which this case has arisen was made under Government order No. 322-Dis./D/11L-230/51, dated 12th February 1952.

AWARD.

2. The contention of the Union is that Shri Kamal Sarkar and Shri N. Sarkar were dismissed during the pendency of an adjudication proceeding before the Tribunal on the false plea of no work. It is contended that it was a clear case of victimisation. The Company opposes the application on the ground that the application under section 33A cannot be filed and maintained by the Union. It is a personal remedy which must be personally sought for. Besides it is contended that both these workmen were Foremen and as such they were not "workmen" under the Act. So they cannot maintain an application under section 33A of the Act. These persons were never asked to give evidence on behalf of the Company. I have already rejected the application under section 33A filed by these two applicants, Shri K. Sarkar and Shri N. Sarkar. That being the position the application under section 33A filed by the Union in respect of the same persons cannot be maintained. Besides the application under section 33A of the Act cannot be filed by the Union. In that view of the matter also

this application is untenable. So I do not enter into evidence in the present case. Besides, no action has been taken by the parties on the date fixed and no evidence has been led. So the application filed by the Union under section 33A is rejected. I pass my award accordingly.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Shri Nirmal Sarkar, an employee of the New India Tannins Co., Ltd., against Messrs. New India Tannins Company, Limited.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. PALIT, *District Judge, Industrial Tribunal.*

1. The original reference out of which this case has arisen was made under Government order No. 322Dis./D/11L-230/51, dated 12th February 1952.

AWARD.

2. The petitioner's contention was that he was unlawfully discharged on the 1st January 1952 on the ground of being a surplus. This plea is said

to be untenable because the Company has taken new hands in his place. The Company contends that the application under section 33A does not lie because the petitioner was not a workman as defined in the Industrial Disputes Act being a Foreman. He was also discharged long before the main case was referred to this Tribunal for adjudication. So it was not during the pendency of the case before the Tribunal.

I am satisfied on the admission made in the written statement of the petitioner that he was discharged on the 1st January 1952. The date of the reference of the main case to this Tribunal was dated the 12th February 1952 as mentioned in the said petition. So the discharge had taken place anterior to the date of the reference. That being the position section 33 of the Act is not attracted. So the petition under section 33A does not lie. It is legally untenable and is liable to be rejected. I reject it accordingly.

In this view of the matter I do not go into the question whether the petitioner was a workman as defined in the Act. That would require evidence on the point. I take no evidence in view of the above finding. So I award that the petition under section 33A of the Act is rejected.

G. PALIT,
District Judge,
Fifth Industrial Tribunal.

The 16th December 1952.

D. S. P. MUKHERJEE, Jt. Secy.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

For the Union: Shri Sunil Kumar Dhar, Pleader.

For the Company: None.

By Government order No. 2004Dis./D/13L-27/52, dated 28th July 1952, the aforesaid dispute was referred to this Tribunal for adjudication. The order of reference shows that the Company was informed direct by the Labour Department. Notices, however, were issued on the Company as well as the Union after the reference was received on 5th August 1952. The Union filed its written statement on 21st August 1952. As the service of notice on the Company was not received back till 21st August 1952, a fresh notice was issued on the Company on that date. On 28th August 1952 the report of service of first notice on the Company was received with the Postman's remark "left". The other notice which was sent on 23rd August 1952 was also received with the same remark on 5th September 1952. Thereupon the Union was asked to give a proper address and Labour Department was also accordingly informed and asked to supply the actual address of the Company. The Secretary of the Press Association informed the Tribunal that the address given in the order of reference is the address of the Company and that there is no change of address and the Labour Department also gave the same information. Thereupon the Tribunal attempted to serve them with notice by its special messenger. This notice was served by hanging up in a conspicuous place of the Company's printing house, as none was found in the house and that house was found closed. Under the circumstances, I am satisfied that proper notice was given to the Company but in spite of that Company took no step to appear or file its statement before the Court. Accordingly the case had to be heard *ex parte*. The issue framed by the Government was the same as the issue framed by this Tribunal, viz.,—

(1) Whether the dismissal of Shri Ram Pado Paul is justified?

(2) To what relief is he entitled?

The case for the Union is that the workers of the above Press including Ram Pado Paul submitted before the Company a charter of demand on 8th February 1951 through their Union known as Press Employees' Association. The matter was taken up by the Labour Commissioner and the dispute was settled by both parties by an agreement, dated 27th April 1951. Shortly thereafter Ram Pada Paul was dismissed from his service on the ground of old age by notice, dated 28th January 1952, by which his service was terminated with effect from 1st February 1952. This was followed by other

notices served in order to avoid the terms of settlement with the manage ment and with the object of victimising not only Ram Pada Paul but als practically all the employees who submitted the charter of demands, bu the Company is since then carrying on business with the aid of *thik* workers. The Union submits that Ram Pada Paul at the time of hi appointment as compositor joined the services at an initial salary of Rs. 5(and it was agreed between him and the Company that the latter will gran increment at the rate of Rs. 5 per year, that accordingly the Company gav increment for the years 1948 and 1949, but since 1950 the increment ha been stopped but as it is his service condition, Rampada is entitled to th arrears of his dues on account of increment. The Union further contended that Rampado Paul was also entitled to bonus for the years 1950 and 1951 a the bonus was a service condition according to the terms of the agreement and he is also entitled to the employer's share of contribution to the Provi dent Fund which was started from February 1948 and to which he has made his due share of contribution. Union also claimed reinstatement of Rampada Paul with compensation for the period of unemployment and con tended that he is still physically fit to work and so the termination of his service is illegal.

AWARD.

The evidence of the worker before me stands *ex parte*. He joined th Union since two or three months before his discharge. He also used t make collection for subscription. At this the Company got annoyed wit him. The Company also got annoyed on others who became members of th Union. Rampada was discharged in the month of February and the othe members were also discharged during March or April. Rampada contende that he is still fit to do work and contended that he was not examined b any Certifying Surgeon before his discharge as this would have disclose that he was still fit to do work. He was candid enough to admit that h used to work with equal progress along with others and if there was any less work any day he used to make it up by working beyond scheduled hours. I have no reason to disbelieve him. I cannot accept, under the circum stances, the Company's notice that he cannot work properly or regularly due to old age. The reason for his discharge is conspicuous when it is stated in the notice that there has been practically no job work in the Company for this incumbent. But this shows that the notice was neither on the ground of old age nor on the ground of loss of business. The circumstance shows that the cause of notice was victimisation of this employee for his Union activities and not only this worker but also others who took part in Union activities have been similarly discharged after him. Further it is evident that the Company is carrying on the work of these discharged persons by means of *thika* workers that shows that the story in the notice that there is no job work for this worker is a myth. I am also not satis fied that the worker was unfit to do work on account of old age. So all th grounds stated in the notice fail. On the other hand, I am satisfied tha the discharge was for victimising the employee. It was, therefore, illega and must be set aside. This brings us to the question, whether there should be reinstatement and what, if any, will be the amount of retrenchmen compensation. The worker is not keen for reinstatement and since the relations between the worker and the Company became strained, I allow the prayer of the worker for retrenchment compensation without an order for reinstatement.

The agreement of the Company in paragraph 3 shows that bonus has all along been paid to the employees to the extent of one month's wage for every twelve months' service during the Pujas. It also admits that unfortunately this was not paid in the year 1950 but the matter will be brought to the

notice of the Directors of the Press for early disposal. This, is my opinion, tantamounts to an admission on the part of the Company that bonus is a service condition irrespective of profit and loss. I accordingly allow bonus at the rate of one month's wage for each of the years 1950 and 1951 as claimed. The agreement in paragraph 5 also shows that the question of increment was to be decided by Shri Indu Bhusan Sarkar. There is no evidence if Indu Bhusan Sarkar effected any compromise but from the evidence I am satisfied that the increment as claimed was a service condition. In the Press Award the scale for the compositor has been laid down as Rs. 55—8/2—95 (E. B.) 5/2—120. Rampada contends that he was a senior compositor and the Company agreed to give him increment at the rate of Rs. 5 per year. His evidence is that he was employed at Rs. 50 in 1947 and got an increment of Rs. 5 in 1948 and also an increment of Rs. 5 in 1949 but his increment in 1950 was not granted and hence there was a charter of demand and above agreement. The circumstances show that the increment was a condition of service and he being a senior compositor his annual increment was agreed Rs. 5 per year. This is not in consistent with the scale laid down in the Press Award. The Company has no right to stop his increment in 1950 as neither the maximum of the grade nor the efficiency bar was reached at the time of his stoppage of increment. I, therefore, hold that the incumbent should have been allowed to draw increment at the rate of Rs. 5 as the part of his service condition during the years 1950 and 1951 as claimed.

The next claim is as regards Provident Fund contribution of the employee. The agreement discloses that till the date of agreement the matter has not been regularised. Since no rules have been framed, I cannot enjoin that the Company must give his share of contribution. The worker has joined only in 1947 and the question as to what should be the employees' contribution and when it is to start has got to be decided at the time of framing Provident Fund Rules. As there is no evidence that the matter has since been regularised, I disallow this claim on this score. Under the circumstances, I allow the employee the retrenchment compensation at the rate of fifteen days' wages per year of service with effect from 1948 January, since the date on which the worker actually joined the Company has not been stated by him either in the written statement or in his deposition. So on this score, I allow him two months' pay and dearness allowance instead of five months. No further gratuity has been allowed to the employees under the Press Award. So, the claim for gratuity cannot be sustained.

AWARD.

By order No. 667Dis./D/111L-91/52, dated the 22nd March 1952, th Government of West Bengal, Department of Labour, referred the abovemen tioned dispute to me constituted a Tribunal under section 7 of th Industrial Disputes Act, 1947, under notification No. 3581Lab., dated 9t June 1951, for adjudication under section 10 of the said Act. The matter for adjudication as specified in the order of reference in the form of issue are the following:—

(1) Whether the discharge of Shri R. Swaminathan and Shri S. P Guha Thakurta is justified;

(2) To what compensation are they entitled?

The dispute relates to the termination of service of the two employees Shri R. Swaminathan and Shri S. P. Guha Thakurta. Shri Swaminathan was appointed by the Company with effect from 2nd January 1946, as a clerk on probation for three months, on the expiry of which he was con firmed in the Company's service. After he had worked for 6/7 months, he was employed as a Stenographer in which capacity he worked till his service was terminated on 17th September 1951. The reasons assigned for his dis charge was that he had "misbehaved" himself in the office on the 15th September 1951. Shri S. P. Guha Thakurta was appointed a typist on monthly salary of Rs. 40 and dearness allowance Rs. 35 on 9th December 1946. In May 1951 he applied for leave for one month and a half from 18th June to 31st July 1951. He was granted one month's leave from 4th July, on the expiry of which he applied on 3rd August 1951 for an extension for another three weeks. The Company granted him the extension applied for, but at the same time terminated his service with effect from the date on which the extended leave was due to expire. The reason given was that his services had not been to their satisfaction. Shri Swaminathan and Shri Guha Thakurta repudiated in writing the reasons stated in the orders

rminating their services respectively. Subsequently they set up demands ainst the Company for what they contended to be wrongful termination service, and also placed the matter before the Labour Commissioner for tervention. Their cases were later on taken up by an employee Shri wardutta Tripathi, who wrote to the Labour Commissioner on 22nd tober 1951 for intervention and settlement. After that the Secretary of e Federation of Mercantile Employees' Union took up the cause of the two ployees and pressed their demands before the Labour Commissioner, West ngal. A conciliation proceeding was thereupon started but as no settle- nt could be arrived at between the parties, the dispute was referred to the ibunal for adjudication.

Regarding Shri Swaminathan, it is alleged by the Federation of Mercan- e Employees' Union, hereinafter called the Federation, that on the 15th ptember 1951, which was a Saturday, Shri Swaminathan wanted to go me just after the closing of the office at 2 p.m. on the ground of his wife's ness, but one of the Managers Shri S. V. Raman wanted him to take down tes at 2-10 p.m. As Shri Swaminathan was urgently required to go home, told the Manager that he would do the work on Monday next. This furiated the Manager Shri Raman, and on 17th September he was mmarily dismissed. As regards Shri Guha Thakurta, the Federation intains that his work had all along been satisfactory and he had been anted usual increments in consideration of his satisfactory work. The deration contends that both Shri Swaminathan and Shri Guha Thakurta re thrown out of employment on false and frivolous grounds and that the mpany acted in exercise of unfair labour practice in terminating their vices. The Company, on the other hand, alleges that Shri Swaminathan s asked on the 15th at about 1-30 p.m. to type out an urgent cable and a nfirmatory letter to a party in New York, but he refused to do the same was requested to do the work by two officers one after another who inted out to him the urgency of the matter but he still refused to do the rk. At 1-45 p.m. the Manager himself went to him with a request to do the d typing work. But Shri Swaminathan refused to do the work contending t he had done enough work for the day and he left the office five minutes ore 2 p.m., although he had hardly typed out ten letters that day and l been sitting idle since 1 p.m. On the 17th September, Shri Swami- han was called upon by the other Manager Shri Jagtiani to explain his nduct of the 15th but he failed to furnish any explanation. He was there- on asked to apologise for his refusal to do the work on the 15th but he used to do so and volunteered to accept termination of his service. So his vices were dispensed with. Regarding Shri Guha Thakurta, the mpany's case is that his work was not found satisfactory and he was rned several times verbally for his negligent work. He uesd to take ual leave and sick leave every now and then thereby causing considerable onvenience and difficulty in the Company's work. In the circumstances Company had no other alternative than to terminate his services. The ier allegations of the Federation are denied by the Company.

Before I proceed to consider the merits of the matter, I would like to ke up the preliminary points raised on behalf of the Company. The first int is whether the Tribunal has jurisdiction to adjudicate upon the dispute nich has been referred to it. The objection has been taken by the Company paragraph 1 of its written statement. It is contended that the reference, ted 22nd March 1952, is illegal and *ultra vires* inasmuch as no industrial spute existed at the date of the said reference, or at any time before that, tween the Company and its employees. So, the order of reference has not nferred upon this Tribunal the jurisdiction to adjudicate upon the alleged dustrial dispute. It is stated in the order of reference that an industrial spute exists between Messrs. J. B. Advani & Co., Ltd., and their workmen.

as represented by the Federation of the Mercantile Employees' Union. The order of reference raises a presumption that there was an industrial dispute existing between the Company and its workmen on the date of the reference. The Company has produced no evidence which would dislodge this presumption. It is abundantly clear from the Annexures to the written statement of the Federation that a dispute was raised by the discharged employees individually soon after the termination of their services which was made without previous notice to them. The dispute raised by them was backed up by Shri Tripathi who was an employee in the service of the Company at that time, and who wanted that future relations of the employees with the management should be settled once for all for the good of the staff generally. Then at his request the Federation took up the cause of the employees concerned and pressed the same for conciliation by the Labour Commissioner. During conciliation proceeding which was stated thereafter, the employees were represented by the Federation. It was, so to say, through the Federation's efforts that the dispute was referred by the Government for adjudication. There being no Union, the Federation, connected as it is with Mercantile establishments was competent to represent the workers of the Company in the dispute. In the circumstances, I am unable to accept the Company's contention that there was no industrial dispute and so the reference is illegal and *ultra vires*. I may refer in this connection to the decision of their Lordships of the Labour Appellate Tribunal in Kundun Sugar Mills *versus* Shri Chandi, reported in 1952 L.A.C., page 537. The Tribunal has in my opinion ample jurisdiction to adjudicate upon the industrial dispute as has been referred.

The next point that has been urged on behalf of the Company is whether the Federation is entitled to represent the workmen. There is no other Union of which the discharged workmen or the employees of the present Company are members. The Federation of Mercantile Employees' Union is but a registered Trade Union functioning in the interest of the employees of Mercantile establishments in Calcutta. It is thus a Trade Union connected with the industry in which the discharged or dismissed workers were employed, and they are entitled to be represented by the Federation under section 36(*i*)(*c*) of the Industrial Disputes Act. So, I hold that the Federation has *locus standi* to represent the workmen concerned.

I would now proceed to consider the merits of the case regarding the discharged employees individually.

Shri R. Swaminathan.—The termination of his service which was based on the allegation of having "misbehaved yourself in the office on the 15th instant" purported to operate as his dismissal for misconduct. The Company's case is that he had refused to type out an urgent cable during office hours between 1-30 and 1-45 p.m. on Saturday, the 15th September 1951 even at the request of the Manager Shri Raman. Shri Swaminathan says on the other hand, that on that day at about 2-10 p.m. Shri Raman asked him to take down notes and type some letters before going home. The nature of the letters was not disclosed. To this his reply was that he had no objection to type the letters, but as his wife was sick at home he was to go home early to attend on her. He undertook to do the work on early Monday next. It has been suggested through his evidence that he has been dismissed out of grudge as he was one of the signatories of a letter addressed to the Manager by several employees complaining that they had been working sometimes till 6-30 or 7 p.m. and asking for redress by fixation of definite working hours. The letter which is Annexure 2 to the Federation's written statement bears date the 30th April 1948. It is not the case of the Federaton that all the signatories of that letter have been discharged or dismissed for having made that complaint. No reason is also suggested as

to why Shri Swaminathan, who is only one of the signatories, has been selected for the alleged victimisation after more than three years. I am not at all convinced that the dismissal was actuated by any such consideration. It has also been suggested by Shri Swaminathan that after the discharge of Shri S. P. Guha Thakurta he made a grievance that if such things happened, the security of their service was at stake. No such allegation was made in the written statement, nor was either of the two Managers of the Company confronted with it. No reliance can thus be placed on the belated statement of Shri Swaminathan. The question now is whether on facts the dismissal is justified. In the context of what had happened on the 15th September 1951, the allegation against Shri Swaminathan was, to say the least, vague What was actually meant was not disclosed till Shri Swaminathan had asked for clarification, by his letter, dated the 17th September 1951 (Annexure 4 to the Federation's written statement). It was in its reply of the 20th September that the Company for the first time expressed that "insolence, impertinence and refusing to take notes in respect of a very urgent matter when you were free to do the same during the office hours, in spite of repeated requests from Mr. Raman, on the 15th instant, together with continued misconduct for the past few months, have led us to dispense with your services from the 17th instant, which please note."- That he had refused to type out an urgent cable is not in that letter. What is stated is that he had refused to take notes which is quite in accord with the case of Swaminathan both in the written statement as well as in the evidence. The Company has not produced the officers or assistants Shri Iyar and Shri Samajdar who are said to have tried to get the cable typed out by Swaminathan before Shri Raman's personal intervention for the purpose. None of these two persons is in the Company's service now. The cable which is said to have been typed by another typist afterwards has not also been produced. The fact that Shri Swaminathan was asked to take notes for some letters without being told what was their nature, remains unaffected. According to Shri Raman, Shri Swaminathan's plea for not doing the work was that he had done enough for the day. It will be seen from the written statement,—paragraph 7(*b*), that Shri Swaminathan had by that time typed out ten letters. Some letters were yet to be typed on the following Monday as Shri Raman now says. The size of the letters is not known. Nor do we know from when or for how long these different letters had been dictated. It cannot be said merely from the number of letters, that the work done was not sufficient for half day's work on Saturday. According to Shri Raman and Shri Jagtiani both, Shri Swaminathan did not disclose the fact of his wife's illness which is put forward now as a piece of urgent matter requiring him to go home early on that day. In his letter of demands, dated the 10th October 1951, he did not say that his wife was ill; but he mentioned that he had some urgent piece of work at home. The Company's allegation that he left office that day at about five minutes before 2 p.m is not borne out by evidence, and does not appear to be correct. The Company has not produced the attendance register or any other record of attendance and departure to show at what time Shri Swaminathan had left the office on the 15th September. It is evident from the letters, Ext. B series, that whenever Shri Swaminathan attended office late or left early, he had obtained previous permissoin from the Manager stating reasons. The last instance of such permission having been obtained by him was on the 31st of July 1951 (Ext. B11). Judging from his past conduct one would naturally expect him to have similarly asked for permission if he were going to leave the office before the closing hour on that day. I cannot accept that he left before 2 p.m. In his letter to the Manager, dated 10th October 1951 (Annexure 7 to the written statement), he mentioned that he was asked to take down notes and type letters at 2-10 p.m. when he was about to start for home. This is also the case now. The Company, in its turn, denied the

statement as a whole but never specified the hour in question either in it first letter or in its reply, dated 23rd October 1951 (Ext. 1). To say that th thing took place during office hours is but a vague reply to the positiv assertion that it was at 2-10 p.m. It is clear from Annexure 2 to the Fede ration's written statement that the management desires its employees to sta in office even beyond the scheduled hours, the evening hours being alway more suited to office convenience. So the reference to office hours cannot b regarded as conclusively fixing the relevant time before 2 p.m., specially i the face of the positive assertion on the opposite side that it was beyond th scheduled hour, *i.e.*, at 2-10 p.m. In the circumstances, I am inclined t believe that Shri Swaminathan was asked to do the additional work afte 2 p.m. when Shri Swaminathan was about to leave office. Although th Company has alleged that Shri Swaminathan started neglecting his dutie during the latter part of his service, and was verbally warned several times there are no materials to substantiate the same. The circumstances go very well against it. The Company had been freely granting him leave for late attendance or early departure for the mere asking up to July 1951. There must have been good relationship between the master and the servant. He was raised from the position of a despatch clerk to that of a Stenographer a few months after his confirmation. He was given increments every year regularly. Ext. C is the chart showing increments allowed to him from year to year up to 1st January 1951. The rate of increments varied according to the discretion of the management, as there is no fixed incremental scale applicable to its employees. On 1st December 1946 he was given an increment of Rs. 30 including an increment of Rs. 15 in pay and Rs. 15 in dear allowance. From the fact that he was given increment of Rs. 12-8 in 1950 as against Rs. 20 in 1949, it does not follow that his increment was reduced by way of punishment for negligent work. If he were negligent in work, he would not certainly have been given an increased increment of Rs. 15 in 1951 as against Rs. 12-8 in 1950. He was given bonus as well, and the amount of bonus which he received in 1950-51 was as high as Rs. 235. At the time of his dismissal he was drawing Rs. 192-8. These are materials sufficient to raise an inference that, far from being negligent in work, he was a loyal and efficient worker, and had had an unblemished record of service in the past. It would be more consistent with the circumstances that he had had some urgency for going home and he had made that an excuse for not doing the work before leaving office on that day, than refusing to do the work in a spirit of insubordination, impertinently or insolently. There is not the slightest suggestion in evidence that he behaved improperly or in any objectionable manner except declining to do the work given to him on the eve of his departure on that day. An enquiry would have made it clear why he could not wait for a little longer and do the work given to him by the Manager though at a late stage. Regard being had to his past conduct and record of service, such an enquiry was all the more desirable. But he was deemed to have flouted the authority of the Manager and summarily dismissed on a vague allegation of having "misbehaved himself in office". He was not given any charge sheet, nor any opportunity to explain his conduct or defend himself before the dismissal. Even if he had refused to do the work before the office closed at 2 p.m., his summary dismissal without a charge sheet and giving him no opportunity to defend himself, would still be held wrongful, as the dismissal is in violation of the principles of natural justice in any case. An enquiry is said to have been made by Shri Jagtiani on the 17th September and Shri Swaminathan is said to have failed to furnish an explanation of his conduct and volunteered to go away. According to Shri Swaminathan there was no such enquiry. But after the order of dismissal had been communicated to him, he saw Shri Jagtiani who told him to quit the office at once as he had been complained against by Shri Raman. In any case he

was not chargesheeted. The Company decided to dismiss him without making any enquiry into any definite charge which he had been given opportunity previously to meet, on the assumption that he had committed the offence or misconduct as had been reported by Shri Raman, for which he was either to apologise or to go. As Shri Swaminathan refused to apologise, the Manager felt himself humiliated and he was immediately dismissed without further enquiry. As the first allegation was vague, the case was subsequently developed into one of insubordination, insolence and impertinence which the Company has failed to substantiate. The dismissal appears to have been actuated by a spirit of vindictiveness and was not *bona fide*. For all these reasons, I hold that the dismissal of Shri R. Swaminathan is unjustified.

Shri S. P. Guha Thakurta.—As regards Shri S. P. Guha Thakurta, the company has practically no case. He was on leave for one month from 4th July 1951. He applied for extension of leave for three weeks more on 3rd August 1951. The Company granted him the extension asked for but told him at the same time that he was not required to join on the expiry of his leave as extended, as the management had decided to terminate his service from the date of expiry of the leave. The letter containing the order of discharge, which is Annexure 10 to the Federation's written statement, runs as follows:—

> "We have for acknowledgment your letter of 3rd instant and are sorry to note that you have not as yet completely recovered from your lungs' trouble.
>
> "While we have no objection to grant you the extension you have applied for presently, we have nevertheless to inform you that your services have not proved to be one to our entire satisfaction, and to this effect you have also been informed several times. We have as such been compelled to terminate your services from the date on which your present leave expires which please note and oblige. As regards your share of Provident Fund contribution due to you, we have this day written to our Bombay office and shall advise you as soon as their cheque for the same should be to our hands."

The Company has placed no materials to show that Shri Guha Thakurta was ever informed that his work had been unsatisfactory. We have the oral evidence of Shri Raman on this point. He was asked on several occasions to improve his knowledge of English language and try to take up shorthand. The management was anxious to help him as it did in the case of Swaminathan. In the normal course Shri Guha Thakurta was slow in typewriting and bad in performance, and thus he wasted papers. The statement appears to be self-contradictory. If his work as an ordinary typist was so unsatisfactory as mentioned, it is not understood why the management was anxious to lift him up to the position of a Stenographer. The failure on his part to take up shorthand and improve his knowledge of English was a misfortune to himself. But his work as a typist, as he was, cannot be said to be unsatisfactory for that. One would naturally decline to accept the Company's case as correct in view of the fact that he was allowed to work from 1946 up to the date of his discharge without any objection. Not only that, he was given increments though not according to any fixed scale; and further, he was allowed to draw bonus as and when it was declared by the Company. His service record, if there be any, has not been produced to show that he was ever marked for unsatisfactory work or deficiency in English. In the written statement it is further alleged that he used to take casual leave and sick leave every now and then thereby causing considerable inconvenience and difficulty in the Company's work. Accoridng to the written statement

he was discharged not only for his unsatisfactory or negligent work but also for the reason that he had often taken leave causing inconvenience of work. His leave applications have been filed by the Company and are marked Ext. A series. The first instance of leave applied for by Shri Guha Thakurta was in April 1949 when he had two months' leave to his credit. He was granted leave for one month which was later extended, possibly, up to the 27th August (*vide* Exts. A to A2). The only other instance of leave that was taken was in 1951, on the expiry of which he was discharged. The Company's case that he used to take casual and sick leave now and then is thus falsified. It seems clear, therefore, that the Company found out certain excuses for discharging Shri S. P. Guha Thakurta when actually there existed no reasonable ground for his discharge. The fact, however, remains that Shri Guha Thakurta was discharged during the period when he was on leave granted to him by the Company. After having granted the leave it cannot be contended by the Company that the leave was taken without sufficient grounds. It appears that the management was quite satisfied from the medical certificate that he was ill and that leave was necessary for him. The result of his discharge while on leave was that he was deprived of his notice period pay, and his right to rejoin after the expiry of leave was suddenly cut off. The discharge was thus wrongful. The Company discharged him on a pretext other than the real reason, as the circumstances go to show. So, it was an act of unfair labour practice on the part of the Company. The discharge was also against the principle of natural justice as the service of a permanent employee like him was dispensed with without any notice or notice period pay. I hold accordingly that the discharge of Shri S. P. Guha Thakurta is wholly unjustified.

As the employees concerned do not press for reinstatement, no order for reinstatement can be made. I award that they will be entitled to compensation for wrongful termination of their services in the following terms: –

(1) One month's pay including dearness allowance in lieu of notice for one month.

(2) Provident Fund money including employer's contribution with interest, as admissible under the Staff Provident Fund Rules and Regulations of the Company.

(3) Three months' pay including dearness allowance.

(4) Pay in lieu of balance of leave due to him under the West Bengal Shops Establishment Act which the Company agreed to pay in its letter to the Labour Commissioner, dated 14th December 1951.

(5) Proportionate bonus for the period during which they worked in the Company in 1951-52, provided the Company has declared bonus for that year.

The payments herein directed are to be made by the Company within a month from the date when the award becomes enforceable. I make my award accordingly.

In the matter of an industrial dispute between Bamangachi Machinery Industries, 73-4, Dasarath Ghosh Lane, Bamangachi, Salkia, Howrah, and their workmen represented by the Howrah District Engineering Mazdoor Federation, 63, Dasarath Ghosh Lane, Howrah, referred to under Government order No. 1852Dis./D/10L-95/52, dated 9th July 1952, and in the matter of an application under section 33A of the Industrial Disputes Act filed by Keshab Chandra Roy, an employee of Bamangachi Machinery Industries in connection with Government order No. 1852Dis./D/10L-95/52, dated 9th July 1952.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge,*

Judge, Fourth Industrial Tribunal.

For the Union: Shri Arabinda Ghosal, President of the Federation.

For the Company: Shri S. C. Sen, Pleader.

By Government order No. 1852Dis./D/10L-96/52, dated 19th of July 1952, the aforesaid dispute was referred to this Tribunal for adjudication. The reference was received in this Court on 12th July 1952. The Union filed its written statement on 28th July 1952 and the Company filed its written statement on 28th August 1952. The issues settled by this Tribunal were the same as those framed by the Government and they are as follows:—

(1) Whether the discharge of the following workers was justified; to what relief in the way of reinstatement and/or compensation are they entitled:—

(*i*) Krishnadhan Dutta,

(*ii*) Brindabon Bose,

(*iii*) Gour Mohan Rakshit,

(*iv*) Jnanendra Nath Manna.

(*v*) Nimai Das.

(2) Dearness allowance.

(3) Introduction of service-cards.

(4) Payment of sick-leave dues.

(5) Pay for the period of closure from 23rd May 1952 to 2nd June 195

The case was taken up on 2nd December 1952. I inspected the factory o that date. I am glad to note that subsequent thereto a compromise wa arrived at between the parties.

The case for the Union was that following a beating upon a worker b Netai, a henchman of the Company on 21st May 1952, all the workers of th factory headed by the first four discharged workers named above becam provoked and approached the Company for their demands placed long ag before the Company on 16th February 1952. This was followed by th dismissal of the said four workers on 22nd May 1952 on the plea of breac of discipline. On 23rd May 1952 the workers again approached th Company but the Company demanded that each of the workers should execute a bond to the effect that they would not form any Union in th factory. The workers having refused to comply with the wish of th Company, the latter declared a lock-out. The matter was taken up by th Labour Commissioner. On 19th May 1952 another worker Netai Das wh was main of the pillars of Federation was sacked. His fault was that h could not join his duty on 13th May 1952 and 16th May 1952 for unavoidabl reasons. The Union accordingly contended that the discharge was illega and prayed for their reinstatement as also the reliefs mentioned above a per their charter of demand.

The Company, on the other hand, contended that one Krishnadhan Dut was found sleeping while on duty. The said Head Mistry Netai asked th worker to get up but the latter paid no heed to his order so Ram Kanta pulled him by the hand. The matter being brought to the notice of the manage-ment an enquiry was taken up after the factory hours, but during the proces of the enquiry all the discharged persons named above came forward and dragged Netai from the meeting place. The Company demanded uncondi-tional apology from the said four workers, both to the partners and to Neta for their conduct but they refused and the workers in protest staged a stay--in-strike on 22nd May 1952 and thereafter left the factory and did not return back to their duty. The Company also discharged Nemai for the reasons stated in the notice. Company was not even aware if he was the pillar of the Federation. Company also contended that the lock-out was justified and also pleaded that in the present financial state of the Company the claim for dearness allowance is not tenable. They were prepared to maintain the service-card and to give sick-leave to the workers along with the wages to be drawn by him after joining from sick-leave.

While the original case was pending, an application was filed under section 33A by one Keshab Chandra Roy on the allegation that though he was a permanent worker, he has been discharged on 30th October 1952 without any ground and without any notice due to a grudge against the petitioner as he was one of the pioneer of the Union, and he has been helping the Union in conducting their case before this Tribunal. On receipt of this applica-tion notices were issued to the Company and the Company is directed to file its reply on 2nd December 1952. In the meantime the compromise

having been reached the filing of further statement became unnecessary. The question regarding the discharge of this worker being covered by the said compromise, I proceed to record my award on this issue as well as on the issues mentioned in the schedule of the original reference.

AWARD.

Upon these facts the parties went to trial but a compromise was arrived covering all points at issue. The terms of the compromise are reasonable and I, therefore, accept it and I proceed to pass an award in terms thereof not only so far as the original reference is concerned but also so far as the subsequent application under section 33A is concerned. The petition of compromise is annexed in the schedule of this award and it will form a part of the award on the original reference as well as on the application under section 33A of the Industrial Disputes Act.

FORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJI, *District Judge,*
Judge, Fourth Industrial Tribunal.

r the Union: Shri Patit Paban Pathak.

r the Company: Shri S. C. Sen, Advocate.

By Government order No. 2046Dis./D/75L-9/52, dated the 31st J 1952, the above dispute was referred to this Tribunal for adjudicati Union filed its written statement on 2nd September 1952 and the Comp on 22nd September 1952. The cases were taken up on 2nd December 1 and on that date both parties prayed for inspection of the mill. Accordin the mill was inspected on 8th December 1952 and during the stage of pection a compromise, was arrived at and the parties filed before m petition of compromise.

The case for the Union was that when the oppression of the empl became unbearable the workers made an anonymous petition to the Dist Magistrate and the District Magistrate in his turn forwarded it to Labour Commissioner. Thereupon at the instance of the Labour Comm sioner the matter was settled and the parties agreed to certain terms du the first week of March 1952. During the last week of March 1952 workers formed themselves into a Union. Thereafter on 24th of April 1 again the management summarily discharged Banku Barui and Sk. Is who were Gechuas of Sree Gouranga Oil Mill. Thereupon all the worl of the said three mills in protest came out. On representation being m to the Labour Commissioner, Assistant Labour Commissio Shri N. Bhattacharji met the parties and on his assura the workers resumed work on 10th May 1952. But after strike was withdrawn on 10th May 1952 the employers again dismi Khundu Bauri and Manu Bagdi on 13th of May and on 14th of May employer closed down Sree Krishna Oil Mill Branch for five days and pe trated other illegal acts. Again Shri N. Bhattacharji held a tripartite ference on 4th of June 1952 as a result of which some of the disputes w settled, but the remaining disputes have been referred to this Tribu Disputes related to the question of (1) discharge of Gour Sit, (2) wages for lock-out period from 14th May 1952 to 18th May 1952, (3) reinstatement Kundu Bauri and Manu Bagdi, Mati Lal Singh, Sukumar Das, Jyoti G and Amulya Dutta as also (4) wages of the strike period from 14th A 1952 to 9th May 1952 and other matters.

The Company in its written statement contended that after the for tion of the Union certain political party headed by Shri Uday Bhanu Gh raised a dispute over the granting of Chaitra Sankranti holiday. On 1 April 1952 he entered into the mill at about 1-30 p.m. and commanded workers to leave the factory, as a result the strike ensued but the strike improper and illegal and the workers are not entitled to get any wages the strike period. As a result of the strike and union propaganda, a la quantity of oil remained unsold by 14th May 1952 and the Company w therefore, compelled to close down the mill and temporarily lay off workers under the rules and practice, that accordingly the workers are entitled to get any wages during the period of involuntary unemployme that the dismissal of Khandu Bauri and Manu Bagdi was justified as t were caught red-handed while they were managing to escape with so quantity of cement stolen from the mill. The Company also contended t as the discharge of Mati Lal Singh, Sukumar Das, Jyoti Gorai and Amu Dutta was justified for reasons which will appear at the time of tri Company also raised objections regarding the other demands made by t Union.

The issues framed by Government were the same as issues framed by t Tribunal and they are as follows:—

1. Whether the Company is liable to reinstate Gour Shit in spite their agreement to pay him two months' wages or wages for t period he was unfit in consequence of an accident, whichever greater.

2. Whether the workers of the Sri Krishna Oil Mill are entitled to get wages for five days from 14th May 1952 during which period the mill remained closed.

3. Whether Khandu Barui and Manu Bagdi discharged on the charge of stealing a very small quantity of cement, should be reinstated or re-employed.

4. Whether the Company is liable to pay for the statutory leave due for 1948 and 1949.

5. Whether the Company should make any provision for sick leave and for medical facilities and what should be the extent thereof.

6 Whether the Company should provide for (*a*) yearly bonus, (*b*) quarters or house-rent allowance, (*c*) Provident Fund.

7. Whether the Company is liable to allow the weekly off-day to the general shift workers invariably on Sundays.

8. Whether the Company is liable to reinstate or re-employ Matilal Singh, Sukumar Das, Jati Gorai and Amulya Dutta.

9. Whether the workers are entitled to get any pay for the strike period from 24th April 1952 to 9th May 1952 and what should be the extent thereof.

While the aforesaid dispute was pending an application under section 33A as first filed by the Union on 23rd August 1952 alleging that the Company violation of section 33 of the Industrial Disputes Act declared a lock-ut of the Sree Gouranga Oil Mills from 4th August 1952 to 20th August 952. Management also closed one of the engines of the Sarbamangala Oil ills since 4th of August 1952 as a result of which 21 workers amed in the petition were thrown out of employment. Company also spended Netai Sit, a mill driver, from 11th August 1952 to 14th August 952 without permission of the Tribunal and discharged one Rambalak ingh, a ghani-man, without any justifiable reason, subsequently it also ischarged four women workers and replaced them by four others, that the ompany also discharged Shri Tulsi Das one of the engine drivers on the rst week of August without any justifiable reason.

The Company's reply to these allegations was filed on 2nd September 952 in which it contended that on 9th May 1952 it found difficult to sell ff all its oil manufactured and consequently the factory had to be closed or some time, and it had to lay off the workers that Netai was detected by ie supervisor Rampada Mistry while placing an iron bar mixed with ilcake into the Expeller machine. He was accordingly suspended after roper proceedings and thereafter on the plea of illness he became absent nd after a few days rejoined his duties. Management also contended that ie discharge of Ram Balak was justified, that the four women workers ere discharged, as their work was seasonal and could not be retained for ant of further work. They also contended that Tulsi Das was discharged ng before the occurrence on 19th December 1951 and since then he never ame to work.

Subsequent to this the Union also filed another application under section 3A in which it contended that one Rakhal Das, an Expeller-man, was ransferred from Sarbamangala Oil Mill to Sree Gouranga Oil Mill on 4th ugust 1952 knowing full well that Sree Gouranga Oil Mill will have to e closed as a result of which he will be thrown out of employment. They lso contended that the workers Bhusan and Sampurna were suspended from 5th July 1952 without any justification and were asked to join on 1st of August 1952 but when they reported themselves, they were not allowed to join, that similarly Krishna Sit and Banku Sit who were working in Expeller

and Dhama, respectively, were retrenched without any charge sheet and due notice after the strike in June 1952.

The Company in its reply to the allegations stated that Rakhal Das was for some time found to be slow in his duties. He was originally in the Sree Gouranga Oil Mill from where he was transferred to Sarbamangala Oil Mill on account of his delinquency and there also he started the same delinquency of his duties. He was accordingly charge-sheeted on 28th July 1952. He admitted his fault. Thereafter on 4th August 1952 he applied for a retransfer to the Gouranga Oil Mill, but since then he did not turn up to his duties. Management also contended that the discharge of Sampurna Bhusan, Kesto Sit and Banku was legal and justified.

So the only other issues which are raised on account of the filing of two petitions under section 33A are—

1. Whether the discharge of the aforesaid persons was legal a justified.
2. Whether the closure of the mill on 4th August 1952 and 2(August 1952 was justified and legal, if not, what will be effect.

AWARD.

I am glad to note that during inspection all the disputes between t parties were settled up and a petition of compromise was filed covering the issues. The terms appear to be fair and reasonable and they a accepted. There, therefore, remains no other dispute which requi adjudication by this Tribunal. Hence an award is made in terms of t petition of compromise filed by the parties which will form Annexure attached to this award. This will be deemed as award passed in the origin reference as also awards based in the two subsequent applications und section 33A of the Industrial Disputes Act in connection with the origin reference.

ANNEXURE "A".

IN THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.
(Shri S. C. Mukherjee, *District Judge.*)

Filed by
S. Sen, Advocat
7-12-1952.

In the matter of an Industrial Dispute
between
Messrs. Lalji Raja & Sons, Mill owners
and
Their workmen represented by Banku District Oil Mill Workers' Unio Bankura.

The humble petition of the Company and the Union above most respe fully sheweth:—

(1) That a joint meeting of the representatives of the Company and t Union above was held on the 16th November 1952 at the residence of Sh

Mohanlal Kumarji at Bankura and a provisional agreement was arrived at between the parties, which was finalised at the residence of Shri S. C. Sen, Advocate, between Shri Mohanlal Kumarji, representative of the Company and Shri Patit Paban Pathak, the representative of the Union. The copy of the said final agreement is enclosed and marked "A".

(2) That the said agreement will form part of the award in the above matter and the parties agree to abide by the same. In respect of the issues specifically mentioned in the order of reference, parties in pursuance of the aforesaid agreement agree as follows:—

(a) Re: Issue No. 1—Reinstatement of Gour Shit, Khandu Bauri, Manu Bagdi, Matilal Singh, Sukumar Das, Jyoti Gorai and Amulya Dutta.

Among the seven discharged hands those who are still unemployed and desire to come back shall be re-employed by the Company gradually within three months from this date. The workers concerned, however, shall notify in writing within ten days from this date mentioning their unemployment and their desire to be re-employed, failing which they will forfeit their right under this agreement to be re-employed by the Company. The Company will not entertain any application made after ten days from this date for the purpose. The workers concerned are not entitled to get any compensation for the period of their unemployment.

(b) Issue No. 2—Stoppage of mill and involuntary unemployment of workers.

The workers concerned in the stoppage of the mill for the five days mentioned in the order of reference will not get any wages for this period of involuntary unemployment but the continuity of their services will not be affected, as per clause 10 of the agreement mentioned hereinbefore (Annexure "A").

(c) Issue No. 4.—Statutory holidays.

The statutory holidays due to the workers from 1st April 1949 are being paid to the workers. Those who have not been granted such leave as yet will be granted as soon as possible. No question of granting statutory holiday for a period of prior to 1st April 1949 would arise.

(d) Issue No. 5.—Sick leave and medical leave.

This demand is dropped as per clause 9 of the agreement. In view of the Employees' State Insurance Act, the Union will not press this demand. The Company, however, agreed to grant one day's sick or medical leave per month till the final implementation of the Insurance Act in this State. This leave will be granted against actual sickness.

(e) Issue No. 6.—Yearly bonus, house-rent and provident fund.

This issue will be settled as per clauses 5, 6 and 7 of the agreement. The Union would not press for bonus before this Tribunal. The management, however, agreed to discuss the matter with the Union in future and to furnish them with a copy of the audited balance-sheet to consider whether any further consideration by the parties is necessary.

The demand for provident fund is also dropped. The management has been constructing some quarters which may obviate the difficulties of the workers regarding quarters. The Union, therefore, dropped this demand.

(f) Issue No. 7.—Weekly off-day.

This issue will be settled as per clause 8 of the agreement. The deman is dropped but the management agrees that if any one requires any part cular day as holiday in lieu of his scheduled one, his case will be duly con sidered.

(g) Issue No. 9.—Strike pay.

The demand for strike pay is not pressed.

Under the circumstances, it is humbly prayed that your honour may b graciously pleased to accept the said terms and to pass an award in pur suance thereof.

NOTICE.

Dinhata, the 14th January 1953.

It is notified for general information that to make certain improvements to all non-departmental ferries and ferry approaches where motor vehicles have to cross the rivers and also in the interest of safety and for convenience, all such ferries will be leased out on the following conditions in addition to the existing terms in auction sale to be held on the 18th February 1953 as already advertised in the Gazette publication:—

1. Caution board of sufficiently big size should be fixed on both sides, 300 feet away from the point of the slope to the river-bed starts. The Caution board should have approved mark on the board and a signboard attached to it with the words "Ferry ahead".
2. A barrier with a red reflector fixed on it, should be constructed at the point from which the slope to the river-bed starts. The barrier should be strong enough to withstand the impact of motor vehicles.
3. All cars must stop and passengers should alight at the barrier.
4. Near this barrier a notice board should show the time of the ferry services and the tolls payable for each type of traffic.
5. All ferry boats should have landing flaps fitted with strong hooks and chains. Arrangements for red lights at night should also be made.
6. The crew should have hurricane lanterns and torches as found necessary.

It is further notified that in respect of the ferries over the Dharla and the Manshai rivers on Dinhata-Gosanimari-Sitalkhuch Road, the lessees, who would take settlement of these ferries must improve their boats sufficiently to take loaded trucks. In case of the Dharla terry, construction of a fairweather bridge has been decided and for use of which, however, no ferry toll can be charged. In case of the Manshai ferry near Adabari, it is proposed by the Development (Roads) Department to lay Sal planked trackways on the sandy bed of the river and these would be provided by that department, but the lessee, who would take settlement of this ferry should provide labourers for carrying these from local depots and laying on the bed after the flood season and for return of these track-ways to the depot before the advent of flood.

ANNEXURE.

In the matter of Government of West Bengal Order No. 363Dis./7L-48/51, dated 14th December 1951, and in the matter of an industrial dispute under section 33A of the Industrial Disputes Act between Karim Bux, petitioner, and the Eastern Manufacturing Co., Ltd., opposite party.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI SUBODH CHANDRA MUKHERJI, *District Judge*,

Judge, Fourth Industrial Tribunal.

For the petitioner : Shri Patit Paban Pathak.

For the opposite party : Shri A. K. Mukherji, Managing Agent.

While the aforesaid dispute between the Eastern Manufacturing Co., Ltd., and its workers was pending, the present application under section 33A was filed by Karim Bux on the ground that he was served with the charge sheet on 15th October 1952 and dismissed on 17th October 1952, that the charge against him is frequent repetition of bad work for slow shifting and thereby keeping the frame standing, that the work of shifting of a frame has been done by twelve shifter boys from the beginning but on 13th September 1952 the number of shifter has been reduced to ten, that this increase in the work-load has brought terrible pressure upon the petitioner, that in spite of that the petitioner has given full work up till the date of his discharge, that under the circumstances the discharge is illegal.

The employer, on the other hand, contended that Karim Bux was a redundant Ribbon Loom Weaver who was given an alternative job as a shifter boy on 1st April 1952 pursuant to the award of Shri M. C. Banerji, that since his appointment as a Spinning Shifter Boy he was warned several times for bad and slow work

but he refused to accept the warnings and did not show any sign of improvement in his work, that it was found that in spite of the warnings he did not come up to the required standard and so he was charge sheeted on 15th October 1952 and after full consideration of the charges and the explanation given by the workman concerned the management decided to dismiss him but pending permission of the Tribunal he has been suspended from 15th October 1952, that under the circumstances the application under section 33A is not tenable.

The preliminary point which was pressed by the Company is:—

Whether the application is tenable?

AWARD.

The annexure "A" shows that pending permission from the Tribunal the worker was suspended. It is well-settled that in such circumstances there is no violation of section 33 of the Industrial Disputes Act and consequently application under section 33A is not tenable. Hence I award accordingly. Annexure "A" is made part of the award.

The management's contention is that Gouranga and Balaram were previous Webbing-Loom Beamers and were engaged in Broad Loom Beaming Machi on 10th December 1951, that thereafter they were given reasonable time to con to the required standard for Broad Loom Beamers, that the beamers concerne persisted in doing bad work and they were warned on three occasions for th same, that in spite of the warnings their work did not come up to the require standard and so they were served with charge sheets on 23rd September 195 and was subsequently suspended pending permission of the Tribunal to dismi them and as such the application under section 33A is not tenable.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SHRI SUBODH CHANDRA MUKHERJI, *District Judge,*

Judge, Fourth Industrial Tribunal.

For the petitioners : Shri Patit Paban Pathak.

For the opposite party : Shri M. M. Ghosh, Deputy Labour Adviser.

While the aforesaid dispute between the Eastern Manufacturing Co., Ltd., and its workers were pending, the present application under section 33A of the Industrial Disputes Act was filed by the five workers on the allegation that the management wrongly discharged them on the plea that they were temporary and thereby violated the provisions of section 33 of the Industrial Disputes Act.

The management, on the other hand, contended that under the Standing Orders notice was required to be served on the temporary workers, that on completion the particular work for which the said workmen were engaged, they were discharged according to the terms of the contract with them as such no permission the Tribunal was necessary and there was accordingly no violation of the provisions of section 33 of the Industrial Disputes Act.

The points which arise for decision are—

(1) Whether there is any violation of the provision of section 33 of the Industrial Disputes Act?

(2) Whether the dismissal of the said workers is illegal; if so, what would be its effect?

AWARD.

I am glad to note that at the time of trial the parties have come to ter and a petition of compromise as per Annexure 'A' was filed before this Cou This settles all the points in dispute. AWARD.

The Government of West Bengal in the Department of Labour by order No. 685Dis./D/10L-59/52, dated 25th March 1952, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Bengal Boiler and Engineering Works, Ltd., 63, Dum Dum Road, Dum Dum, 24-Parganas, and their workmen represented by Bengal General Engineering and Metal Factory Workers' Union, 14, Moti Seal Street, Calcutta-13, regarding the matters specified in the following schedule to Shri P. R. Mukherjee, Judge of the Third Industrial Tribunal, for adjudication. As in the meantime Shri P. R. Mukherjee retired from service, the Government of West Bengal in the Department of Labour by order No. 3329Dis./D/10L-59/52, dated the 29th November 1952, referred the above dispute to this Tribunal for adjudication.

Schedule.

1. Wages.
2. Dearness allowance.
3. Leave and holidays.
4. Gratuity or Provident Fund.
5. Involuntary unemployment allowance for the period from 1st to 5th January 1952.

6. Relief to which the following discharged employees are entitled:—

(*a*) Khagen Chandra Bera,

(*b*) Lakhmi Charan Barman,

(*c*) Kartick, I,

(*d*) Kartick Sardar, II,

(*e*) Lakhmi Kanta Mandal, and

(*f*) Hari Charan Das.

The parties filed written statements setting forth their respective claims.

The appearances for the parties were as follows:—

For the Union: Shri N. M. Das Gupta, Advocate, instructed by Janab Wajid Hossain, Secretary.

For the Company: Shri S. C. Sen, Pleader, instructed by Shri M. Mehata, Managing Director of the Company.

The issues that call for decision are the same as are mentioned in the schedule to the order of reference.

DECISIONS.

Issues Nos. 1 and 2—Wages and dearness allowance.—The Company is a small engineering concern, having in its employment about 30 workmen, whose principal business is manufacture of water fittings and repairing of boilers. According to the Union, the Company is in a flourishing condition yielding substantial profits to the shareholders. It is further stated that the workmen employed by the Company are generally highly skilled but the wages paid to them are unduly low and inadequate. It is complained further that the workmen do not enjoy the benefits of provident fund and gratuity scheme, or leave and holidays with pay. The Union, therefore, claims that the basic wages of all categories of workmen should be increased by 25 per cent. and dearness allowance should be given to them at the rates laid down in the award of the Major Engineering Tribunal.

The Company states that it was incorporated in February 1950, with an authorised subscribed capital of Rs. 1,04,000 only, that it has not yet been able to make much headway for lack of capital and various other reasons, one of which is competition by other manufacturers. It is further stated that the Company has been running at a loss uptil now, and the Company's financial condition does not justify further increment in the present rates of wages, which are inclusive of dearness allowance in the case of each worker. The Company submits in an Annexure to its written statement, a statement of wages of the workmen. It appears from the statement that there are 30 daily-rated workmen drawing daily wages at Rs. 4 only in the maximum and Rs. 2 only in the minimum, excepting 4 learners and 1 helper, who get lower daily wages. There are 3 mistries drawing monthly wages of Rs. 140, Rs. 135 and Rs. 125 respectively.

I shall consider the cases of learners and helpers afterwards. Considering the wages of the other workmen a minimum wage of Rs. 2 per day (or Rs. 52 per month) appears to be a little too low in the present circumstances. The Company filed the copy of the Profit and Loss Account for the years 1950 and 1951, as prepared by them and submitted to the Income-tax authorities,

but which are still subject to audit. These papers show a nett loss of Rs. 35,000 and odd on the working of 1950 and Rs. 41,000 and odd on the working of 1951. These years are only starting years of the Company and I do not consider that these initial losses can be accepted as to pointing to anything adverse in the prospects of the Company. Even then, however, I do not consider it proper to raise the basic wages and dearness allowance to the level of the second award of the Major Engineering Industry Tribunal, which allowed a minimum total wage of Rs. 61, being Rs. 30 for basic wage and Rs. 31 for dearness allowance. Considering all these facts and circumstances, it is decided that the wages of the workmen working in this industry should be divided into basic wage and dearness allowance and the dearness allowance should be fixed at the flat rate of Rs. 30 (or at Re. 1-2-6 per day) for all categories of workmen. Deducting this sum, the rest of the wages received by the workmen in this Company should be considered to be their basic wage. The minimum wage of Rs 2 per day is increased by 2 annas 6 pies per day, so that after this award, a workman who is receiving the minimum wage will get a basic wage of Re. 1 per day (or Rs. 26 per month) and the dearness allowance of Re. 1-2-6 per day (or Rs. 30 per month). The wages of all workmen receiving wages up to Rs. 3-2 per day shall be increased by 2 annas 6 pies and then shall be split up into basic wage and dearness allowance, as mentioned above. Workmen receiving wages above Rs. 3-2 per day shall not get any increase in their wages.

In the Annexure A to the Company's written statement, the 4 learners are (1) Ramkant at Re. 1-8 per day, (2) Mahendra Misra at Re. 1-10 per day, (3) Fojdar at Re. 1-4 per day and (4) Ramcharita at Re. 1-8 per day. There is a fifth man, Bhamer, who has been mentioned as a helper receiving a wage of Re. 1 per day. At the time of the hearing, the parties informed me that Mahendra Misra, Ramcharita, Fojdar and Bhamer were not at present working in the Company and Ramkant was getting wage at the rate of Rs. 2 per day. Ramkant will get the minimum wage, as mentioned above. It is awarded that the minimum pay of a workman in the Industry will be at Rs. 2-2-6 per day, being at Re. 1 as basic wage and Re 1-2-6 as dearness allowance. In the case of a learner or helper, who is less than 18 years of age the daily wage may be a consolidated wage of Re. 1-8. These issues are accordingly answered.

Issue No. 3—Leave and holidays.—The Union demanded the following kinds of leave and holidays in the year:—

(*a*) 7 days' casual leave with pay,

(*b*) 10 days' festival holidays with pay,

(*c*) 15 days' statutory leave with pay, and

(*d*) 15 days' medical leave with half pay.

The Company states that it allows statutory leave to the workmen under the Factories Act and its financial position is not such that it can allow any further leave and holidays with pay. On a consideration of the matter, it is awarded that the following kinds of leave and holidays should be given to the workmen of this Company:—

(*a*) Statutory holidays under section 79 of the Factories Act, 1948.

(*b*) Eight days' festival holidays with pay in the year, including 3 national holidays, as allowed by the Company.

(*c*) Sick leave for 15 days' on half pay, being liable to be discontinued as soon as the Employees' State Insurance Act comes into operation.

Sick leave should be originally granted on the basis of a medical certificate from a qualified medical practitioner, *vaid*, or *hakim*, in accordance with the Factories Rules, subject to the proviso that the Management will have the right to have the employee examined by their own Medical Officer, or a medical practitioner nominated by them, at their own expense.

(*d*) Casual leave without pay for 7 days in the year.

Issue No. 4—Gratuity or Provident Fund.—The number of workmen in the Company, as mentioned above, is only about 30. The first award of the Major Engineering Tribunal, published on 3rd July 1948, decided that only one kind of retiring benefit should be normally given to the employees of an engineering concern and that the terms of the gratuity scheme should be adopted by small concerns employing less than 100 men in preference to Provident Fund Scheme.

The following scheme of gratuity is awarded for the workmen of the Company :—

(1) On retirement or resignation or on termination of service by the employer by way of retrenchment after continuous service for not less than fifteen years—Gratuity at the rate of half a month's basic wages for each completed year of service, subject to the maximum of fifteen months' basic wages.

(2) On retirement before completing fifteen years' service, by reason of superannuation or on medical grounds or on termination of service by the employer by way of retrenchment, or owing to any other sufficient cause approved by the employer—Gratuity at the rate of half a month's basic wages for each completed year of service.

(3) On death—Gratuity at the rate of half a month's basic wages for each completed year or service (payable to the employee's nominee or nominees or heirs), subject to a maximum of fifteen months' basic wages.

(4) The basis of calculating gratuity shall be the average basic wages, not including overtime wages or any allowances, bonuses or other benefits, during the last twelve months of service, inclusive of authorised leave, on full wages.

Issue No. 5—Involuntary unemployment allowance for the period from 1st to 5th January 1952.—It appears that in the first week of January 1952, a number of workmen were prevented from working and earning their wages for the period from 1st to 5th January 1952. The Union characterises this partial closure as a clever move for victimisation of selected workmen for legitimate trade union activities and demanded adequate compensation for the loss in wages thus caused. The written statement of the Company shows that it had to close the factory for the annual cleaning and oiling of machineries and for taking the annual stock from 1st to 5th January 1952, and it is not their practice to pay the workmen who are kept unemployed for this period, although a number of workmen are fully employed in the work

overhauling of the machineries. There is no doubt that the workmen who were kept idle for the above five days from 1st to 5th January 1952, should be paid compensation for this period of involuntary unemployment and I award that the Company should pay this compensation at the rate of half the basic pay and half the dearness allowance, as awarded by the Major Engineering Tribunal.

Issue No. 6.—Relief to which the following discharged employees are entitled:—

(*a*) Khagen Chandra Bera,

(*b*) Lakhmi Charan Barman,

(*c*) Kartick, I,

(*d*) Kartick Sardar, II,

(*e*) Lakhmi Kanta Mandal, and

(*f*) Hari Charan Das.

The Union states in its written statement that those workmen named in the schedule to the order of reference were discharged by the Company for no other fault than their connection with the Union, that there was no dearth of work warranting discharge of all these men and these discharged hands should be forthwith reinstated and duly compensated.

The Company, in its written statement, states that (*a*) Khagen Chandra Bera, the first of the six men mentioned in the schedule to the order of reference, was a contractor of the Company and that the Foreman of the Company took away the other five workmen by organising a separate concern for the manufacture of water fittings without the Company's knowledge. The Company, therefore, states that it did not discharge any of the above six employees and these workers were not entitled to any relief, as they left the service of the Company of their own accord. At the time of the hearing, the parties came to an amicable understanding over this issue and both the parties agreed that three of the workmen, viz., (*d*) Kartick Sardar, II, (*e*) Lakhmi Kanta Mandal and (*f*) Hari Charan Das should be reinstated with effect from the first week of January 1953, and the Union will not press for any relief in respect of the other three workmen named in Issue No. 6, viz., (*a*) Khagen Chandra Bera, (*b*) Lakhmi Charan Barman and (*c*) Kartick, I. The Company agreed to reinstate these three persons, viz., (*d*) Kartick Sardar, II, (*e*) Lakhmi Kanta Mandal and (*f*) Hari Charan Das with effect from the first week of January 1953. It is awarded that these three workmen will not get any compensation for the period of unemployment, which should be considered to be leave without pay. The claim for relief for (*a*) Khagen Chandra Bera, (*b*) Lakhmi Charan Barman and (*c*) Kartick, I is rejected. This issue is answered accordingly.

Paul & Chakravorty, Ltd., 26, Strand Road, Calcutta, and one of their workmen as represented by Bengal Mariners' Union, 27B, Circular Garden Reach Road, Calcutta, regarding the matters specified in the following schedule to Shri P. R. Mukherjee, Judge, Third Industrial Tribunal, for adjudication. As Shri P. R. Mukherjee has since retired from service, this industrial dispute was referred by Government by order No. 3612Dis./D/4L-27/52, dated 6th December 1952, to this Tribunal for adjudication.

SCHEDULE.

1. To what relief Noor Mohammad is entitled?

Notices were issued on both the parties, who filed written statements stating their respective cases.

The appearances for the parties were as follows :—

For the Union : Janab S. A. Quadri, Assistant General Secretary, Bengal Mariners' Union.

For the Company : Shri N. Mukherjee, Advocate, instructed by Shri P. Chakrabarty, Director.

The issue for decision is the same as is mentioned in the schedule to the order of reference.

DECISIONS.

Issue No. 1.—To what relief Noor Mohammad is entitled?

It appears that Noor Mohammad was an employee of Messrs. Paul & Chakravorty. It is the Union's case that he served the Company as a Ghat Manjhi for more than 30 years with a good record. In January 1951, he went home on leave and thereafter died in the year 1952 while on leave. The widow of Noor Mohammad, Mussamat Bibi Zohorzan, applied to the Company for a gratuity in recognition of her husband's services with the Company. As Noor Mohammad was a member of Bengal Mariners' Union, this Union has taken up the case and has raised an industrial dispute claiming a gratuity for Noor Mohammad's widow on the basis of her husband's services with the Company. The Company opposed the claim of Noor Mohammad's widow on the ground that she herself was no workman and could not raise an industrial dispute and the Union could not represent her in this dispute. It is admitted by the Company that Noor Mohammad fell ill in 1951, owing to an attack of cancer in the throat and was allowed leave on full pay from January 1951 to 5th September 1951 and on half pay thereafter up to November 1951. It is also stated that Noor Mohammad was treated in Patna General Hospital and that he was dead in or about April or May 1952. The Company denied the length of service of Noor Mohammad, as claimed by the Union and pressed that in any case retiring benefits in the form of gratuity was payable to the workman himself and was not a debt due to his heirs or successors after his death.

The real question in this issue is as to what relief is the widow of Noor Mohammad entitled in view of Noor Mohammad's services with the Company.

At the time of the hearing on 8th January 1952 the parties came to an amicable settlement and filed a compromise petition embodying the terms of settlement, which is made Annexure A to this award. On a perusal of the terms of the settlement, I find them to be reasonable. I, therefore, accept the terms of settlement as shown in the compromise petition in Annexure A and award in accordance with those terms. The petition of compromise in Annexure A shall form a part of this award. This issue is answered accordingly.

And whereas during the pendency of proceedings before the said Tribunal, a complaint in writing was filed by Shri Satya Narayan Sadhukhan, one of the workmen of the said Company, alleging that the said Company had punished the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A of the Industrial Disputes Act filed by Satya Narayan Sadhukhan, a workman in connection with an industrial dispute between Sarbamongala Pure Oil Mill and their workmen referred to by Government order No. 1807Dis./D/15L-14/52, dated 4th July 1952 (Case No. 161/52).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJEE, *District Judge, Judge, Fourth Industrial Tribunal.*

For the petitioner: Shri Panchanan Bhattacharji, President.

For the opposite party: Shri Gour Mohan Chakrabarti, Manager.

While the aforesaid dispute was pending the present application under section 33A was filed by Satya Narayan Sadhukhan on the allegation that he has been suspended from 27th October 1952 without any permission from the Tribunal and that the Company proposes to retrench him. The notice of this application was served on the Company who appeared and filed a written statement contending that the application is not maintainable, that the Company has been suffering from financial loss and in view of that decided to retrench some of its workmen and accordingly filed an application under section 33 of the Industrial Disputes Act praying for permission to retrench the said worker with effect from 27th October 1952, that inasmuch as suspension as a security measure is not punishment there has been, in fact, no contravention of the provisions of section 33 by the suspension complained of.

The points which arise for decision are—

(1) Whether the application under section 33A is tenable?

(2) To what relief, if any, the workman is entitled to?

AWARD.

I am glad to note that at the time of hearing the parties came to terms and filed a petition of compromise. The terms are fair and are acceptable. I accordingly accept the compromise and give my award in terms thereof which do form a part of the award. The petition of compromise is made Annexure "A" of the award.

The humble joint petition of both the parties abovenamed (*i.e.*, both the employer and the workmen along with their representative President of the Telkol Majdoor Congress).

MOST RESPECTFULLY SHEWETH:—

That the above matter and all disputes and matters have been amicably settled fully and finally between the parties on the following terms and conditions:—

(1) That the workers will join service on and from 22nd December 1952 after voluntarily signing the terms and conditions of service set forth in the "Workers' Service Joining Pledge" form, a copy whereof is annexed herewith and marked "A" forming part of this application.

(2) That the worker Shri Ramdat Koiree is voluntarily retiring from service for good with all his claims fully and finally settled with the employer on receiving Rs. 225 in cash and all other dues including unpaid wages at Rs. 90 per month which was refused by him though sent by money order.

each day, etc.) of either would be determined and arranged by the Management according to exigencies of the circumstances. Both will remain on probation for six months only whereafter the one considered to be the abler of the two shall be retained and the other workman shall be discharged from service.

(4) That similarly the post of Gachkata Mistry shall be jointly filled by Shri Satya Narayan Sadhukhan and Shri Nityagopal Sadhukhan who will jointly earn the wages of Rs. 70 per month allotted to the post each receiving half the wages, *i.e.*, at the rate of Rs. 35 per month and their manner of service shall be distributed and allotted by the Management according to the exigencies of circumstances and in this case also each shall work on probation of six months only whereafter on the ground of proficiency the abler one shall be retained and the other discharged.

(5) That Shri Panchanan Bhattacharjee, President of the Telkal Majdoor Congress, will select five Majdoors (excepting Shri Jogeswar Ram) who along with two Majdoors selected by the employer, shall form the total strength of seven Majdoors of the mill and who will be accordingly employed.

(6) That each worker shall while signing the agreement pledge of service in the annexure marked "A" shall have to declare to be regular in attendance. Regularity in attendance shall be considered as a cardinal principle in employment and in retention of service.

(8) That each workman shall be bound to put forth standard amount of work justifying his earning each day's wages which standard is 12 Ghanies with 12 pressings per day being the standard outturn for each Ghaniman or for the Line Majdoor as the case may be.

(9) That in general each workman shall conform to and carry out other rules and regulations of the factories as enforced by the Government together with general good behaviour so long as within the mill premises.

(10) That each workman shall be regular and punctual in attendance.

(11) That non-compliance with the terms and conditions of service (together with those terms embodied in this application) each workman shall be liable to be suitably punished to the extent of forthwith dismissal or discharge from service.

(12) That in consideration of faithful and efficient service extending over six months from the present date of joining, *i.e.*, from 22nd December 1952 rendered by each workman to the satisfaction of the Management, such workman may be granted increments or other benefits of service which shall be entirely discretionary with the Management.

Under the circumstances both parties pray that award as per terms of settlement may be made.

And for this act of kindness your petitioner as in duty bound shall ever pray.

ORDER.

No. 308Dis./D/15L-5/53.—29th January 1953.—Whereas under the Government of West Bengal, Labour Department, order No. 1807Dis./D/15L-14/52, dated the 4th July 1952, the industrial dispute between Messrs. Sarbamongala Pure Oil Mill, 29/54, Cossipore Road, Calcutta, and their workmen represented by Telkal Mazdur Congress, 1, Joy Bhattacharyya Lane, Calcutta-3, regarding the matters specified in the schedule to the said order was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint in writing was filed by Shri Turi Ahir, one of the workmen of the said Company, alleging that the said Company had punished the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an application under section 33A filed by Turi Ahir (Case No. 151/52) and in the matter of an application under section 33A filed by Kedar Jeswarah (Case No. 154/52) and in the matter of an application under section 33A filed by Chaturbhuj Mahato (Case No. 157/52) in connection with an industrial dispute between Sarbamongala Pure Oil Mill and their workmen referred to under Government order No. 1807Dis./D/15L-14/52, dated 4th July 1952.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI SUBODH CHANDRA MUKHERJEE, *District Judge, Fourth Industrial Tribunal.*

For the petitioners: Shri Panchanan Bhattacharji, President.

For the opposite party: Shri G. M. Chakrabartti, Manager.

While the aforesaid dispute was pending an application was filed under section 33A by Turi Ahir on the allegation that he has been suspended with effect from 27th October 1952 without any permission from the Tribunal and that the Company proposes to retrench him. The notice of this application was served on the Company who appeared and filed a written statement contending that the application is not maintainable when the Company had been suffering from financial loss and in view of that decided to retrench some of its workmen and thereby to reduce recurring losses to the extent of Rs. 3,000 per month and to avoid a permanent closure, and that accordingly the Company filed an application under section 33 of the Industrial Disputes Act praying for permission to retrench the said workers with effect from 27th October 1952, that inasmuch as suspension as a security measure is not punishment the provision of section 33 of the Industrial Disputes Act has not been contravened.

Kedar Jeswarah and Chaturbhuj Mahato in their applications under section 33A contended that they have been discharged from work from 28th November 1952 illegally without permission from the Tribunal. The notices of these applications were served on the Company and the Company in their written statement contended that on the ground of economy the Company decided to discharge 11 of its workmen with effect from 27th October 1952, that on 27th October 1952 these workmen along with 12 others joined an illegal strike, that the employer thereafter called upon the said workers to resume work on or before 3rd November 1952, but as these workers refused to take up employment, the employer was forced to declare a lock-out, that the lock-out as declared is not in contravention of the provisions of section 33 of the Industrial Disputes Act and hence the application under section 33A is not tenable.

The points for decision are—

(1) Whether the application under section 33A is tenable ?

(2) To what relief, if any, the workman is entitled to ?

AWARD.

For the sake of convenience of decision and at the desire of parties these three cases were taken up together. This award will govern all the cases.

During hearing the parties came to terms and filed one joint petition of compromise covering the three cases. As the terms of compromise were fair and acceptable and covers all the points in this case, they are accepted and I make my award in terms thereof. The petition of compromise will form a part of the award and it is made Annexure "A" of the award.

Subject:—Instructions regarding bills payable by the Accountant-General, West Bengal, within the current financial year.

No. TM/404.—31st January 1953.—In order to ensure payment before the close of the financial year, all travelling allowance, contingent, grant-in-aid and other bills payable within the year should, as far as practicable, be presented at the counter of this office by the 16th March 1953. The words "To be paid on or before the 31st March 1953" should be written prominently in red ink on the top of each bill. In respect of charges actually incurred, or claims accruing on or after the 16th March, the bills should be presented with the utmost expedition without losing even a single day. Please remember that during the last week of March this office is pre-occupied with the passing of monthly pay bills payable on the 1st working day of April.

2. Three clear days are required by this office to complete all processes connected with pre-audit. On the fourth working day from the date of presentation of a bill, the payee or his messenger should call at the delivery counter to demand payment. If for any reason payment cannot be obtained on that day, he should call on the next day, or on the second or third following day—should it become necessary. Any complaint regarding undue delay in payment should be lodged with the gazetted officer in charge of the section. No attempt should be made to get into direct touch with the sectional staff.

3. It should be particularly borne in mind that unpassed bills are not returned by post; they are required to be received back at the counter on surrender of tokens.

4. Please take all possible care to see that the bills presented are free from defects and irregularities. There may not be time left for resubmitting the bills when once returned unpassed with audit objection.

5. It will facilitate the payment of bills if the following instructions are borne in mind:—

(*a*) If the appropriation for the current year is likely to be or has already been exceeded, an additional appropriation should be obtained in time to meet the excess and the order sanctioning the additional appropriation attached to the bill.

(*b*) If any charge requiring sanction of a higher authority is claimed in a bill the sanction should be attached to it. As no payment can be made on the authority of copies of orders, the sanctioning authority should be requested to communicate the orders to this office in time.

(*c*) If no distribution of any appropriation has yet been made, formal orders of the competent authority sanctioning the distribution should be attached to the bill.

(*d*) A bill extract giving particulars of the major, minor and detailed heads of account to which the amount of the bill is chargeable and the designation of the officer controlling the expenditure should invariably be attached to bills.

6. Between the 16th and the 31st March please make it a point to check your Bill Register every day with a view to receive all payments in good time.

7. As a special concession to payees, the Cash Payment and Cheque Delivery Counters of this office will be kept open till 4-30 p.m. on the 31st March. No payment will be made after that hour.
